Jacksonville Daily Journal.

VOL. 52—No. 111 JACKSONVILLE, ILLINOIS, THURSDAY MORNING, MAY 9, 1918 EIGHT PAGES—THREE CENTS

ALL RAILROADERS RECOMMENDED WAGE INCREASE

Increases Advocated to Cover Added Living Costs

(By The Associated Press)

WASHINGTON, May 8.—Briefly stated, the railroad wage commission's study of conditions showed that the cost of living had increased since 1915 approximately 43 per cent. It therfore adjusted the wage scale of employes recommended to Director General McAdoo so that the amounts added to the monthly pay should cover this increased cost.

The commission refers in its report to the popular idea that railroad employes are among the highest paid of wage earners and says:

"It has been a somewhat popular impression that railroad employes were among the most highly paid workers," says the report. "But figures gathered from the railroads disposed of this belief. Fifty one per cent of all employes during Dec. 1917 received $75 per month or less. And eighty per cent received $100 per month or less. Even among the locomotive engineers commonly spoken of as highly paid, a preponderating number received less than $170 per month. Between the grades receiving from $150 to $250 per month there is included less than three per cent of all the employes (excluding officials) and these aggregate less than sixty thousand men out of a grand total of two million.

"The greatest number of employes on all the roads fall into the class receiving between $60 and $65 per month, $161,693, while the range of the next ten dollars in monthly salary there is a total of 312,761. In December, 1917 there were 111,477 clerks receiving annual pay of $900 or less. In 1917 the average pay of this class was but $56.77 per month. There were 270,855 section men whose average pay as a class was $50.31 per month; 121,000 other unskilled laborers whose average pay was $58.25 per month; 75,225 road freight brakemen and flagmen whose average pay was $109.17 per month and 16,465 road passenger brakemen and flagmen whose average pay was $91.10 per month.

"These it is to be noted are not prewar figures; they represent conditions after a year of war and two years of rising prices. And each dollar now represents in its power to purchase a place in which to live, for food to eat and clothing to wear but 71 cents as against the 100 cents of January 1, 1916. That there has been such steadfast loyalty to the railroads and so slight a disposition to use the lever of their necessity and their opportunity to compel by ruthless action an increase in wages is not without significance and should not be passed without public recognition."

A few concrete instances of the new rates compared to the old will serve to illustrate the effect of the recommendations. Men receiving $2 per day in 1916 will be paid $2.82; $3 will increase to $4123; $4 to $5.20; $5 to $6:05. Employes paid $75 per month in 1916 will be raised to $105.75; $85 per month to $119; $100 per month to $131.75; $110 per month to $140.25; $125 per month to $153; $150 per month to $174.25; $200 per month to $216.75.

The employe who received 20 cents an hour for an eight hour day will receive 29 3-4 cents per hour; 50 cents to 65 cents; 60 to 73 1-2; 70 to 82; 80 to 90 1-2; 90 to 99. The increases in hourly rates cease at $1.19 1-2.

$100,000,000 Back Pay.

Washington, May 8.—All railroad employes whose monthly pay in December, 1915 was less than $250 a month have been recommended for wage increase by the railroad wage commission.

The recommendations, if adopted by Director General McAdoo, will give the workers $100,000,000 in back pay to January 1, and would add $288,012,718 to the payroll as of 1917, a net increase of 15.021 per cent. Wage advances proposed however do not represent net increases over existing pay, but are based on the month of December 1, 1915. In other words, any increases which may have been allowed by individual roads since that time must be deducted. In some cases deductions will almost, if not altogether cover the increases suggested, according to the report. The roads themselves during 1916 and 1917 increased wages an amount equivalent to $350,000,000 if applied to the present number of their employes.

WILL ERECT PARSONAGE.

Mr. and Mrs. Fred Allen, W. C. Kuechler, Mrs. Barnes and Joseph Roark of Winchester motored to the city yesterday in Mr. Roark's Hudson Super Six car to consult with Architect Clarence W. Buckingham relative to a new parsonage for the M. E. church in Winchester. It is purposed to build the new edifice on the Dr. Skillinger lot just east and adjacent to the church property.

U. S. AVIATORS MOURN LOSS OF "JIMMY" HALL

All Wondering Whether He Was Killed or Made Prisoner After His Battle In Air Over Pagny-Sur-Moselle.

With The American Army In France, Tuesday May 7.—By The Associated Press.—"Jimmy" Hall is gone, and the whole American air service is mourning his loss. All are wondering whether he was killed or was able to bring his machine safely to earth after his battle in the air over Pagny-Sur-Moselle. Captain Hall was popular thruout the army and had won admiration by his daring, coolness and skill in handling his machine.

The captain's flying companions are all certain he would have knocked out his opponent had it not been for a maneuver unheard of so far as American and French pilots in this section of France are concerned. It has been considered dangerous to the last egree to bring up a machine sharply from a downward plunge because the strain is almost certain to cause the collapse of some vital point. The German aviator whom Captain Hall was pursuing, being hard pressed, adopted this desperate expedient to escape death and won. He was thus enabled to pour a stream of bullets into the bottom of Hall's machine. The captain's companions waited for several hours after the fight for him to return before giving him up for lost. They felt certain that if some serious accident had not befallen him he would return. The aviators all have the greatest confidence in him and express the conviction that if he landed safely and was captured he will escape eventually.

His Wish Fulfilled.

Des Moines, Ia., May 8.—Flight Captain James Norman Hall, Iowa's most widely known hero of the present war, fulfilled an oft-repeated wish, for after fighting under French and British colors, his final combat was as an American, fighting for America, under the Stars and Stripes.

Captain Hall was 30 years old and his home was in Colfax, Ia., where his parents, Mr. and Mrs A. W. Hall, and a sister and a brother reside. Hall graduated from Grinnel, (Iowa) College in 1910.

It was Hall's second misadventure in the flight service. In an engagement with several German airmen in 1917 while in the service of France he was shot thru the lung and was in a serious condition for some time, shortly after his recovery he joined the American forces.

Hall was tramping thru Wales when the war started in 1914, and he immediately joined the British army. He obtained his discharge in November, 1915, to return to the United States to visit his father, then seriously ill. He returned to France not long after and enlisted in the Lafayette Escadrille.

BULLETINS

(By Associatetd Press)

CHICAGO, May 8. — Sergeant Earl Caddock of the National Army and world's champion heavyweight wrestler failed to throw Wladek Zbyszko, the Polish title holder in two hours here tonight but was awarded the decision on points.

WITH THE AMERICAN ARMY IN FRANCE, May 8.—By the Associated Press.—Reports received from all the fronts on which the Americans are engaged with the exception of Picardy, said that quiet prevailed tonight, principally because of the bad weather.

The artillery activity was normal altho the enemy was using a few gas shells intermittently on the Luneville sector.

WASHINGTON, May 8.—Serious disturbances in the Austrian-Hungarian fleet have caused changes in the high command, a despatch today from Switzerland said. The crews, composed largely of Slavs and men of Italian descent have made a great deal of trouble and the disturbances were put down with difficulty.

WASHINGTON, May 8.—A marine corps casualty list today shows one man dead from wounds and seven slightly wounded in action.

Private Ralph Clay Johnson of Guthrie, Okla., died from wounds. The slightly wounded were Second Lieutenant Vernon Lee Somers, Blozon, Va.; Corporal Herbert Roy Perkins, Sumner, Tex.; Privates Joseph King Clark, Walton, Ind.; John Edgar, Davidson, Detroit; Allen Melville Schroeder, Cleveland; Royal Lee Stokely, Crawford, Ga.; and Harry Fink, Pittsburgh, Pa.

LONDON, May 8.—After a heavy bombardment on a wide front in Flanders the German infantry this morning launched an attack south of Dickebusch Lake which lies between Ypres and Kemmel," says Reuter's correspondent at British headquarters. "The attack apparently was only in divisional strength but it may develop larger proportions. The enemy seems to have penetrated our front line between the lake and Ridge Wood and some parties of Germans are reported in the eastern wood itself. The fighting continues in fine weather and under good visibility."

EIGHT AMERICAN GUNNERS KILLED BY EXPLOSION

Attempt to Force a Shell Which Did Not Fit was Cause

(By Associatetd Press)

FORT WORTH, Texas, May 8. Eight American gunners were killed and seven injured more or less seriously near Benbrook, a few miles west of Fort Worth when a three inch shell exploded this afternoon. One gun crew comprised of members of the headquarters company of the 141st Infantry was entrely wiped out and a second crew from headquarters company of the 142nd infantry suffered heavy casualties.

Six of the men were killed instantly and two died within a short time after the explosion. Frst reports that two trench mortars had exploded were erroneous.

An attempt on the part of a gunner to force the shell, which apparently did not fit, down a trench mortar is believed to have been responsible for the accident. Sergeant Norman Bow, a Canadian who is assistant instructor for the Stokes trench mortar said tonight he saw a soldier attempting to force the shell and that he attempted to warn the gunner. The explosion came too quickly however. Bow was slightly wounded by a fragment of the shell.

The Dead

First Lieutenant Allen J. McDavid, headquarters company, 142nd infantry, Overton, Texas.

Sergeant Louis A. Halphen, headquarters company, 141st infantry, Austin, Texas.

Corporal Wharton Jones, headquarters company, 141st infantry, San Marcos, Texas.

Corporal William P. Appleng, 141st infantry, Elena, Texas.

Private Morgan C. Sanders, headquarters company, 142nd infantry, Abilene, Texas.

Private Euclid Simmons, company K, 142nd infantry, Henrietta, Texas.

Private John Webber, headquarters company, 141st infantry, Memphis, Texas.

Private Lacy R. Langley, headquarters company, 141st infantry, Waelder, Teyas.

All from Texas.

The wounded except Sergeant Norman Bow of the British army were all from Texas.

General E. St. John Greble, commanding officer at Camp Bowie, was standing less than ten yards from the scene of the explosion with his two aides, Captain Houghton and Lieutenant Russell. They were uninjured. Lieutenant Colonel Metcalfe, division surgean and an enlisted man, also stood nearby. The enlisted man was instantly killed but Metcalfe was uninjured. The bodies of some of the victims were literally blown to pieces.

The 141st and 142nd regiments were at the trench system near Benbrook and their firing practice was being watched by a large crowd of civilians from a distance. New mortars were being used for the first time and the sound of firing at the camp had been plainly heard in Fort Worth since early morning.

The two gun crews made up of men from the headquarters companies of the two brigades were operating the new mortars which were located on a hill overlooking the trench system. There had been nothing to mar the day's practice firing.

The entire breach of the mortar was blown out and fragments flew in every direction, killing or injuring every one struck by the flying peces of steel.

WOMEN'S FEDERATION ELECTION RESULTS

(By The Associated Press)

HOT SPRINGS, Ark., May 8.—The results of yesterday's election of officers of the General Federation of Women's clubs for the ensuing biennial term, made public today were as follows:

President—Mrs. Josiah Evans Cowans, California.

First vice president— Mrs. Georgia Bacon, Massachusetts.

Second vice president—Mrs. Thomas C. Winter, Minn.

Recording secretary — Mrs. Adam Weiss, Colorado.

Corresponding secretary— Mrs. Mary I. Wood, New Hampshire.

Treasurer — Mrs. Benjamin Clark, Iowa.

Auditor—Mrs. William A. Harper, Washington.

KILLED IN ACCIDENT AT CAMP GRANT

ROCKFORD, Ill., May 8.—Corporal J. B. Ives, Battery D, 332nd Field Artillery, was killed this morning when he was thrown under the wheel of a gun carriage at Camp Grant. His home was at 7117 Aberdeen Street, Chicago, where his mother, Mrs. L. Ives, resides.

The field artillery had just completed a hitching drill and was leaving the parade ground. Ives was sitting at the brake on his carriage. He was jolted off and a whdel passed over his chest.

1500 ESCAPE FROM BURNING SCHOOL HOUSE.

Des Moines, Ia., May 8.—Fifteen hundred pupils escaped without injury when fire destroyed the old west wing of the West High school building here today entailing a loss estimated at $50,000.

OVERSEAS CASUALTIES

(By Associatetd Press)

WASHINGTON, May 8. — The casualty list today contained 75 names, divided as follows:

Killed in action, 13; died of accident, 2; died of disease, 3; wounded severely, 13; wounded slightly, 41; missing in action, 3.

Six officers were named. Lieutenants Egbert Williams Beach, Piedmont, Cal.; Arthur R. Gaylord, Minneapolis, and Frank S. Hanf, Chelsea, Mass., were killed in action.

Lieutenants Julian N. Dowell, Washington, D. C., and John K. Grisard, Chicago, died of accident.

Lieutenant H. Gordon, New York City, is missing in action.

Lieutenant Edgar B. Noland of Leesburg, Va., previously reported missing, is now in a hospital suffering from shell shock.

KILLED IN ACTION.

Lieutenants Egbert Williams Beach, Piedmont, Cal.

Arthur R. Gaylord, Minneapolis, Minn.

Frank S. Hanf, Chelsea, Mass.

Corporal Kenneth L. Diver, Sunman, Ind.

Privates Fred Buckley, Bayonne, N. J.

Michael J. Coughlin, Manchester, Mass.

John Deardosky, Hecla, Pa.

Troy E. Forrest, Mammoth Springs, Ark.

Gene G. Henson, Fornfelt, Mo.

John Linton, Chicago.

H. S. Medawar, Mount Lebanon, Syria.

William Phenning, Los Angeles.

DIED OF ACCIDENT.

Lieutenants Julian M. Dowell, Washington, D. C.

John K. Grisard, Chicago.

DIED OF DISEASE.

Privates Henry Coner, Crewville, La.

T. J. Shea, Fall River, Mass.

James Shields, Greenville, Miss.

WOUNDED SEVERELY.

Corporal J. N. Walker, Baltimore.

Privates Raymond C. Bryant, Baltimore.

Joseph F. Firth, Pottsville, Pa.

Thomas R. Harrison, St. Aubert, Mo.

Alexander C. Hipps, San Francisco.

Henry F. McPherson, Greenville, Ky.

Clyde Millard, Montpelier, Ind.

James K. Rosser, Broadway, N. C.

David A. Saunders, Chicago.

Jaroslav Sruta, Chicago.

W. C. Viti, Philadelphia.

Dave Wetka, Duluth.

Dean Zeller, Washburn, N. D.

WOUNDED SLIGHTLY.

Sergeants H. S. Fretz, Easton, Pa.

Kelsie W. Kellum, Cincinnati.

Edward A. Lechnir, Cleveland.

Dennis R. Shirley, Edmond, Ky.

Corporals L. T. Hagood, Oakdale, Tenn.

Rube Nelson, Kennan, Wis.

Gerald D. Whitney, St. Charles, Ill.

Wagoner Daniel D. McConnell, Kingstree, S. C.

Privates V. D. Ambrosio, New Haven, Conn.

Bryan Andrews, Antoine, Ark.

V. H. Bowen, Baltimore, Md.

Samuel Caudill, Phelps, Wis.

V. B. Coffey, Burlington, N. D.

Samuel S. Darmstadt, New York.

Thomas R. Doyle, Easton, Pa.

Gunnard Erickson, Brainerd, Minn.

D. J. Goerz, Los Angeles.

J. E. Haagenson, Fontainella, Iowa.

Homer D. Hadden, Ponca City, Okla.

Sidney C. Harris, Topeka, Kan.

Gust Kallas, Omaha, Neb.

John Kurtolick, Wauseon, O.

Ray E. MacAusland, Lowell, Mass.

Boyd MacDonald, Grafton, N. D.

William Mason, Forney, N. C.

John Nicona, Coal City, Ill.

Clyde L. Noel, Farmersburg, Indiana.

Frank A. O'Brien, Baltimore.

John Phillips, Griffin, Ga.

Philip E. Ratcliffe, Baltimore.

Sterling Rice, Easton, Pa.

Harry Robinson, Haverford, Pa.

Perry Sheppard, Decoy, Ky.

Henry D. Stansbury, Baltimore.

Frank Watkins, Jr., Millville, N. J.

Vincent Whitehill, Corry Pa.

Alfred A. Wolfe, Easton, Pa.

John A. Young, Baltimore, Md.

Ross P. Young, Johnsonburg, Pa.

John F. Seel, Philadelphia.

MISSING IN ACTION.

Lieutenant William H. Gordon, New York City.

Privates Homer Waters, Norwood, Mo.

Louis Sandler, Philadelphia.

PRISONER

Previously reported missing: Sergeant Joseph Stonina, Webster, Mass.

Lieutenant Edgar S. Noland, Leesburg, Va., previously reported missing in action, now reported a patient in hospital suffering from shell shock.

ILLINOIS MAKES FINE LIBERTY LOAN RECORD

Thirty Seven Honor Counties out of Forty Four—District is Second in Money Quota Record—Steps to Leading Place on Average Showing—Splendid Spirit Prevails.

St. Louis, May 8.—The totals are being rapidly compiled for the third Liberty Loan campaign in the eighth federal district. Kentucky leads all of the eight states included in the district, with a money quota of 184 per cent, Illinois second, with a record of 168. However, the good records of the various states and counties are computed on both money and population standpoint and on the basis of these two points, Illinois is far ahead of the Bluegrass state, with an average record of 181 against the Kentucky average of 161.

As already stated the Kentucky money quota is 184. Other figures for that state were: population quota 139 per cent, giving an average of 161 per cent. The Illinois money quota was 168 per cent, population quota 195 per cent, which gives to the Illinois counties the splendid average of 181 per cent.

Thirty Seven Counties Win Flags.

Illinois Chairman E. E. Crabtree declared tonight that at least thirty seven out of the forty four counties in Illinois included in the district have won honor flags, which means that the 7 1-2 per cent population quota and the 7 1-2 per cent money quota have both been oversubscribed. The money quota for Illinois is already 168 per cent and the returns still to come in will run the total sales up another half million, which will mean a still higher percentage. The money quota for each county is 7 1-2 per cent of the resources of the various banks in the county.

The quota of bonds for the Illinois counties was $18,158,050 and the amount reported subscribed tonight was $30,514,016, which is 168 per cent of the quota. Statistics show that the population of the district is 1,176,145 and the population quota was 7 1-2 per cent of that number. Since the enthusiastic boosters sold bonds to 172,055 persons in the district, the population quota for the state was 195 per cent.

Hardin Highest Money Record.

To fourteen counties out of the forty four belongs the special honor of having averaged over 200 per cent on both money and population quotas. The highest county record for money was Hardin, with its 367 per cent and the population quota was 181 per cent, which gives to that county the notable average of 274 per cent. It now seems likely that Madison county will win the supreme honor flag for Illinois, because the population quota for that county runs far ahead of the Hardin county record. In Madison county the money quota is 182 per cent and the population quota 360 per cent. In the fourteen counties averaging more than 200 per cent in both money and population quotas five counties are in a neck and neck race and not until the final figures are in can it be definitely determined which one of the counties is entitled to the highest honor.

There is just one more day for filing and then the record of the states and counties will have been written. In the money quota tonight Missouri follows Illinois, with 165 per cent and Indiana is fourth with 145 per cent. The enthusiasm of the workers in the Illinois counties shows no limit and Liberty Loan organization quarters are being bombarded with telegraph and telephone inquiries as to the various quota records made. A fine patriotic spirit prevails thruout all the counties and the record thruout the district is one which does credit to the individual counties to the state, and therefore to the Liberty Loan organization.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

What possibly may prove to be the prelude to the long expected resumption of hostilities by the Germans on the western front is being played.

Southeast of Ypres, from the region of Voormezeele to LaClytte the Germans have launched an attack against the British and the French troops holding the line and at certain points over the five mile battle front they have met with some success by penetrating front line trenches. Apparently however, over the greater part of the field of combat they met with repulse.

As is usual the enemy began the attack after a heavy preliminary bombardment. The ground gained is south of Dickebush Lake and in Ridge Wood around which places hard fighting was continuing at last accounts.

The objective of the enemy seems to be the pushing forward of his line in this region in order still further to outflank Ypres on the southwest and press on toward Poeperinghe and the railway line running between that town and Ypres.

As yet only meager advices have come thru concerning the nature of the engagement but unofficial reports indicate that it was made only in divisional strength. Whether it would develop later into another of the great battles that have been fought in this area could not be foretold.

On the remainder of the front in Flanders and Picardy artillery duels and small operations continue on isolated sectors. The French south of LaClytte have penetrated German advanced positions and taken prisoners and the Australians east of Amiens have again pinched in and taken over portions of the German line.

Dr. Fred Eller of Chapin has recently purchased from Edward Tracy of Mt. Sterling a Spanish jack. The animal is 15 1-2 hands high, weighs 1200 lbs. and is an animal with many fine points.

GERMANS ISSUE WARNING TO ALL NEUTRAL NATIONS

Spain Flooded With Documents Printed in Spanish

(By Associatetd Press)

WASHINGTON, May 8.—Teutnoic frightfulness as practiced in France and Belgium has been made the subject of a warning to neutral nations of the fate which they may expect if they take up arms against the central powers.

"If there are any still thinking of siding with the allies, let them take warning from the fate of others," says the warning. It is in the form of a circular, which recites the amount of booty seized in France and Belgium, the number of churches damaged and destroyed, the money wrung from the stricken inhabitants and, finally the deliberate mistreatment of English prisoners of war. Gedmen propagandists have flooded Spain with this document pirnted in Spanish and copies have come into the possession of the state department.

The department tonight made public this translation.

"Besides an untold amount of war material captured on the battle field, the Germens have taken possession of incalculable booty in France and Belgium including:

Average watches 5,016
High grade watches 417
Underwear 18,073
Embroderies and women's handkerchiefs 15,132
Umbrellas and parasols, 3,705.
Silver spoons, 1,876.
Bottles of champagne, 523,000.

"These figures show a large increase over those of the campaign against France in 1870-71.

"In Belgium besides many art treasures they have confiscated old paintings valued at 3,000,000 pesetas.

"Due to the treachery of Cardinal Mercer and other priests who did their utmost to stir the priests against the good hearted German soldiers they were forced to teach a severe lesson to the Belgian and French Catholics. Cathedrals destroyed, 4.

"Churches destroyed 27.

"Rendered unserviceable, 34.

"In oPland a large number of churches have been destroyed. The figures concerning these have not yet been published.

"As a result of the stubbornness of the Belgian people in continuing the struggle after their bloody and final defeat on the battle field the German officers were forced, against their will, to impose punishments on many rich individuals and wealthy cities.

"This has contributed the following amounts to the German treasury:

"Punishments 87,000,000 pesetas.

"Security 13,000,500 pesetas.

"Reprisals 15,750,000 pesetas.

"Forced contribution 5,320,850 pesetas.

"Total 120,071,350 pesetas.

"This amount includes a fine of 15,000 pesetas imposed on the Alsatian children who insist on speaking the French language and refuse to study the beautiful German language. These statistics are a most useful warning to the neutral countries.

"If there areany still thinking of siding with the allies let them take warning from the fate of the others."

GUILTY OF VIOLATING ESPIONAGE ACT

(By Associated Press)

PEORIA, Ill., May 8.—Charles H. Kammann, former principal of the Lincoln school and ex-president of the German-American Alliance here, was this afternoon found guilty by a jury in the United States district court here of violation of the espionage act. He was sentenced to serve three years in the federal prison at Leavenworth, Kans., and was fined $5,000. He was found guilty of making seditious remarks to children in the history class he taught. A writ of supercedeas was allowed and bond was set at $25,000.

TO NEGOTIATE TREATY.

Stockholm, May 8.—Sweden, Germany and Finland, it is announced officially, have decided to negotiate a treaty regarding the demolition of the fortifications on the Aland Islands. The fortifications, the announcement says, were constructed during the war contrary to international conventions.

LONDON, May 8.—In an attack against the British and French line between LaClytte and Vormezeele in the Ypres sector, the Germans early this morinng succeeded after heavy fighting in entering the allied front line positions at certain ponts, according to Field Marshal Haig's official communication issued this evening. The communication adds that at all other points the enemy met with repulse.

LONDON, May 8. — British troops of May 7 entered the Turkish town of Kerkuk, 80 miles southeast of Mosiul in Mesopotamia, the British war office announced today. The British met with no opposition. The Turks on retiring left 600 men in the Kerkuk hospital.

U. S. WINTER WHEAT FORECAST PROMISING

Conditions Prevailing May 1 Issued by Department of Agriculture—Shows Large Increase Over April Estimates.

(By The Associated Press)

Washington, May 8.—Continued good reports thruout April have given indications that todays winter wheat forecast based on conditions prevailing May 1 and issued by the department of agriculture at 2:15 p. m. would show a large increase over 560,000,000 bushels estimated in April. Private estimates within the last week have placed the prospective crop at from 600,000,000 to 650,000,000 bushels. Last December from conditions then existing the prospective production was placed at 540,000,000 bushels. Last year the crop amounted to 418,070,000 bushels. In 1916 it was 480,553,000 bushels and the largest crop ever grown was that of 1914 when 684,990,000 bushels were harvested.

While the acreage of winter wheat was the largest ever planted, being 42,170,000 acres, it was below what the government had expected in its campaign to produce a billion bushels of wheat this year to help feed the Allies. Adverse conditions and shortage of farm help were ascribed as the cause of the failure to plant the 47,337,000 acres planned by the government.

The abandonment of acreage as a result of climatic and other winter conditions was expected this year to be much lower than the average. In 1917 the abandonment amounted to 30 per cent of the area planted leaving 27,430,000 acres to be harvested. That was practically the highest percentage abandoned in any year.

Winter wheat conditions on April 1, last, was 78.6 per cent of a normal, 73.2 on May 1, last year and averaged 85.7 for the previous ten years.

Rye conditions on April 1 forecast a crop of 86,000,000 bushels compared with 60,145,000 bushels last year, and 48,862,000 in 1916. That crop also was expected to show betterment as a result of April conditions. The condition of the plant on April 1 was 85.8 per cent of a normal. Last year on May 1 it was 88.8 and the 10 year May 1 average is 90.2.

Hay production was 94,930,000 tons in 1917 and 110,992,000 in 1916. The condition of meadow (hay) lands May 1, last year, was 88.7 and averaged 88.5 in the previous ten years.

Stocks of hay on farms May 1, last year, amounted to 12,659,000 tons and averaged 12,212,000 for the five year period.

The condition of pastures May 1, 1917, was 81.9 per cent and showed a ten year average of 85.5.

The spring planting last year was 58.7 per cent of normal, and the ten year average planting average was 57.5.

Winter wheat crop of 572,539,000 bushels was forecast today by the department of agriculture, basing its estimate on conditions existing May 1 and on a canvass of the acreage remaining to be harvested. With continued favorable conditions the crop will be one of the largest ever grown.

The area of winter wheat remaining to be harvested on May 1 was 36,392,000 acres, or 13.7 per cent less than the acreage planted last autumn.

The condition of the crop was 86.4 per cent of a normal, indicating an acre yield of approximately 15.7 bushels.

Production of rye forecast from May 1st conditions, will be 82,629,000 bushels based on a condition of 85.8 per cent of a normal.

Production of hay will be 107,550,000 tons based on a condition of 89.6 per cent of a normal and an expected acreage of 669,531,000 acres of which 53,605,000 is tame and 15,926,000 wild.

Stocks of hay on farm May 1 are estimated at 11,096,000 tons. Average condition of pastures was 83.1 per cent of a normal; spring plowing was 77.5 per cent completed and spring planting 60.8 per cent.

KILLS HIS MOTHER; THEN SHOOTS SELF

(By The Associated Press)

CHAMPAIGN, Ill., May 8.—Elmer Smith, of Centerville, a district near White Heath, 15 miles southwest of this city killed his mother and then himself during a fit of anger over some alleged family trouble at 6:30 o'clock last night. He used a double-barreled shotgun, firing both shots into his mother's body. After the crime he went back of the house, reloaded the gun and blew off the top of his head.

Smith, who was nearly blind, had been in ill health for some time.

MANY FOREIGNERS BUY LIBERTY BONDS

CHICAGO, May 8.—One in every three of the 1,000,000 Chicagoans who bought third issue liberty bonds was of foreign birth, according to officials of the foreign language division of the loan campaign committee.

Total sales for the seventh district were still incomplete today but it was announced the tabulations now show the district subscribed 132 per cent of its quota. It is believed there are many millions yet to be counted.

AVIATORS KILLED.

Mineola, N. Y., May 8.—Two army aviators were killed today when the machine in which they were flying fell near the town of Central Park, Long Island.

TROOPS ABROAD SURPASS BAKER'S EARLY FORECAST

More Than 500,000 U. S. Soldiers Are Now in France

(By Associated Press)

WASHINGTON, May 8.—More than a half a milion American soldiers have been sent to France, Secretary Baker today authorized the statement that his forecast to Congress in January that 500,000 troops would be despatched to France early in the present year now has been surpassed.

Mr. Baker dictated the following staement:

"In January I told the senate committee that there was strong likelihood that early in the present year that five hundred thousand American troops would be despatched to France. I cannot either now or prhaps later discuss the number of troops in France; but I am glad to be able to say that the forecast I made in January has been surpased."

As a result of a personal investigation of machine gun production during the past few days the secretary announced there is no present shortage or light or heavy types of these weapons either in France or America and no shortage is in prospect. Mr Baker said there had been no question brought up as to the supplies of light type Browning guns which were coming forward in quantities. He would not say whether shipment of these guns to France had been stared. As to the heavy Browning he said:

"Early manufactures' estimates as to the production of the heavy type perhaps were more optimistic than was justified. The estimate of the ordnance department in January has been met and is being met. Some of these heavy guns have been produced and there is every indication of forthcoming production in increasing and substantial numbers.

The secretary chose his words about the troops in France with utmost care. He would not amplify the statement in any way and specifically asked that the press refrain from speculation as to what precise figures his guarded remarks covered or as to what possibilities of early further increased force on the other side other side might be.

There have been repeated official announcements however, that the government is bending every energy to rush men across to back up the allied lines in France and officers directly in charge of transportation have expresed satisfaction with the progress being made. There is no doubt that the present force of American troops there represents only a small part of the total strength that wil be available for employment by General Foch before the summer fighting ends. There are indications too that the war department has adhered strictly to its policy of equipping fully before his departure every man sent acrors. That is the first consideration in checking off supplies of clothing and arms. Mr. Baker's recent study of the whole ordnance program was founded on his desire to see just what the situation was in this slowest element of war preparations.

Today's statement regarding the movement to France is the first official utterance made during the war indicating even indirectly the number of men sent abroad. The first force to go over was never described except as a division altho as a matter of fact it was constituted into two divisions soon after its arrival on the other side The fact that more than 500,000 have gone this year also shows the accelerated rate at which the men have been moving forward since the winter passed and eased the shipping and embarkation situation.

To date 1,227,000 Americans have been called to the colors under the selective service act. Provost Marshal General Crowd- approximate strength of the paper today gave this figure as the tional army .

AWARDED GOLD STAR.

Freeport, Ill., May 8.—The State Council of Defense has awarded to Stephenson county a gold star for being the only county in Illinois that subscribed 200 per cent of its quota for the third liberty loan. Stephenson county's subscriptions exceeded 200 per cent.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Partly cloudy and somewhat warmer Thursday; Friday showers and cooler.

MEMBER the ASSOCIATED PRESS
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwist credited to this paper.

We may soon be forced to draft school teachers, to prevent them jumping contract.

Germany is said to be using substitutes for nearly everything and may soon be able to accept a substitute for victory.

The request which Chairman Hurley has made for fifty millions with which to build concrete ships takes that question out of the abstract.

It is reported that because of agitation of the question of swivel chair warriors in Washington nearly five thousand young fellows who had sought to escape the selective draft have been forced out into the cruel world.

The wheat crop for the whole of Italy for 1917 was 3,810,200 metric tons, compared with 4,804,400 tons for 1916—a loss of one million metric tons which means an increasing dependence of Italy on the United States for wheat this year.

Postmaster General Burleson says he is in favor of extending the classified civil service to cover all post offices. But he refused to give any information as to the manner in which he had made appointments in those positions already under the classified civil service law.

About eighty young men will soon leave Jacksonville for the cantonments, making a total of between five and six hundred Morgan County boys who will soon be "over-seas". Have you thought they must be taken care of, and have you been doing your part. With every man that goes from here to serve his country we have a greater and more personal interest.

In in the discussion of plans for rehabilitation of men partly incapacitated as a result of injury in war, many industries are emphasizing one difficulty they will encounter if they give employment to a man who has lost one arm, one leg or one eye. Such men would be more likely than other men to suffer further injury. If a man with only one hand should suffer the loss of the hand, the employer, under present laws would be liable as for an injury that caused total incapacity. It is asserted that manufacturing enterprises cannot safely employ men thus injured unless laws be amended so as to limit their liability in cases of this kind. The subject is one that should be thorolv considered by employers and those who are working on the rehabilitation problem.

MUSICIANS PROVE PATRIOTISM.

No recent announcement will be read with more pleasure than that from certain musicians of the city who have agreed among themselves to furnish band music when troops are leaving Jacksonville for cantonments. Those who attend any of the exercises in honor of the departing soldiers if there is no band or orchestral music have a sense of something important and essentially military having been omitted. There has been no fund for the payment of musicians and it is splendid proof of the patriotism of these Jacksonville band men that they have formed a special organization for the very purpose of taking care of the musical features of these soldier ceremonies.

Announcement of the formation of the organization appears elsewhere in this issue. It is understood that J. Bart Johnson will direct the new organization when he is in the city and at other times various directors will serve. The whole plan has been arranged in tine spirit and gives the best kind of proof of the patriotic interest of these Jacksonville musicians. Their contribution to the farewell programs will be large indeed.

TRINITY CHURCH TO REBUILD.

The plan for the rebuilding of Trinity church indicates that an edifice well worthy of the traditions of that church will be built. The plans call for a distinctive building of no uncertain churchly type. Trinity church occupies a distinct place in the religious life of Jacksonville, and while the membership is not large, it is very loyal. Because of its long history and its spirit, and furthermore because of the generous activity of the present rector, Trinity today has even a larger influence than in years gone by.

Since fire destroyed the historic edifice the officers themselves have been surprised to receive many assurances of interest in the rebuilding plan of the church organization. Many persons have stated frankly that while associated with other church organizations, that they have looked upon Trinity as a shrine and have fully appreciated its eighty-four years of history and its place of influence in this community. The members will no doubt hope that there will be some contributions from outside the membership roll toward the church rebuilding fund, but it is understood that there will be no solicitations of persons not holding membership.

MEASURING MILLIONS.

In these days we talk of millions and billions of dollars as glibly as was once true of thousands and hundreds of thousands. It is somewhat so with reference to men and armies also. Secretary Baker's statement indicates that after a year of war we have about 500,000 soldiers in France. Now it is proposed to take an army of 3,000,000 overseas. An exchange uses the following comparisons to give people a more definite idea of what 3,000,000 men really means:

1. Standing shoulder to shoulder they would stretch from New York to Tampa, Fla., or from Seattle to San Diego.
2. At the rate of a quart of coffee a day each they would drink 12,190 barrels a day.
3. Shoe strings they'd use if stretched out would cover 2,940 miles, almost long enough to reach across the ocean.
4. Attacking in waves of 100 men, 25 yards apart, such an army would reach from Paris to Berlin.

If an American army of 3,000,000 were to take the places of their allies on the western front of 300 miles, there would be six soldiers to every yard of that front. If they were to concentrate their forces on a front of only fifty miles they would have thirty-six men every yard.

Appropriations for such an army calls for an estimate of $15,000,000,000 annually, each soldier costing the army $5,000 a year, including munitions, food, clothing, etc.

If the blankets used by these soldiers were tied end to end they would stretch from New York city to Salt Lake City, Utah, and then come all the way back again.

RIPPLING RHYMS
By Walt Mason

French Names.

I'd chant an ode to Joffre, with ardor and delight, but up there speaks a scoffer: "You don't pronounce it right; the name should rhyme with 'suffer', O poet short and fat, and you're a dippy duffer, or you'd be wise to that." I raise my voice so mellow, not peeved, nor in a huff; then speaks another fellow: "The French pronounce it 'Juff'". I see there's no use flirtin' with a shining name until I know for certain how to pronounce the same. And so I start a sonnet about the mighty Foch, whose name has laurels on it—I make it ryme with "yoke." Then says a posted neighbor, "Your sonnet is a boch, and wasted is your labor—the hero's name is Fotch." I fain would sing of Ypres, and also of Amiens, but will one rhyme with sipers, and t'other one with beans? I even balk at Paris, for fear I get it wrong, and such breaks so embarrass the man who trills a song. I'd like to sing of Calais a martial stirring lay, but then so help me, Alice, I fear is Calay. Fair France, I'd like to bring your a wreath of deathless song. Oh, France, I'd like to sing to you, but get the language wrong!

THIS DATE IN HISTORY

May 9, 1862—Arrival of the Steamer City of Louisiana at St. Louis from Pittsburg Landing with about four hundred sick soldiers, mostly from Illinois.

Steamer Champion, the boat chartered by the State of Illinois, also arrived, having on board four hundred from the hospital at Savanna. Of these, three hundred and fifty are Illinois soldiers. Steamer City of Alton, also under the charter of the State, discharged a load of sick at the Cairo hospital.

NOTICE!
I am often asked what is the difference between the gasoline you sell at 22½c a gallon and that I have been paying the other fellows 27c to 30c for. The answer: From 5 to 8c a gallon is all.
C. N. PRIEST,
The Ford Man.

FUNERALS

Spencer.

Funeral services for William Spencer were held from the residence, 1323 South East street, Wednesday afternoon at 2:30 o'clock in charge of the Rev. W. R. Leslie, pastor of Centenary church, assisted by the Rev. W. W. Theobald, pastor of Brooklyn church.

Rev. Mr. Leslie paid a beautiful tribute to the life of Mr. Spencer as a soldier and as a citizen. He took his text from Second Timothy, 4-7. "I have fought a good fight, I have finished my course. I have kept the Faith."

We are thankful for the assurance this afternoon as we gather here to pay him this last tribute of esteem that he was ready. The words of our text seem to fit his life most perfectly. He was a soldier in the great war of the rebellion. He enlisted early and was in all of the important battles of the campaign from Atlanta to the sea. He stood by the flag until the victorious consummation in 1865, and marched in the grand review in Washington.

Before Mr. Spencer entered the fight of the '60's he showed he possessed the virile soldier spirit when he left England, his native land, and came to this land of freedom and democracy. There is a Turkish proverb that "The world belongs to the dissatisfied."

He fought the good fight in a moral and spiritual sense. He kept himself unspotted from sin and evil and lived true to the great Divine commander. We have known military soldiers who were cowardly when it came to fighting sin.

There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased. The members of Matt Starr Post, G. A. R., attended the services in a body and carried out the G. A. R. ritualistic service at the grave.

Music was furnished by Mr. and Mrs. T. H. Rapp and Mr. and Mrs. L. B. Turner. Burial was in Jacksonville cemetery, the bearers being, Capt. J. M. Swales, Lycurgus Goheen, C. Riggs Taylor, John R. Kirkman, Capt. William A. Kirby and Robert Mawson.

Old (1916) white corn for seed, for sale by George L. Heironymus, Winchester, Ill.

EXHIBIT DAY IN PUBLIC SCHOOLS

Tomorrow will be observed as the annual exhibit day in the public schools of Jacksonville and exhibits will be on view at each of the school buildings. There will be open sessions from 2:30 to 6 o'clock in the afternoon and from 7:30 to 9 o'clock in the evening. Parents and friends of the school children are invited. It is the purpose of these exhibits to show the work done in the various departments and grades of the several buildings. While there are some articles of unique design, the greater part represent the regular useful work done from day to day thruout the year.

BOYS LEAVE CAMP.

Word received in the city yesterday from Sergeant John Capps at Camp Logan stated t hat the men expected to leave camp Wednesday for the start of their trip overseas.

FLOUR RETURN PLANS GIVEN IN DETAIL

Food Administration On Behalf of Government Provides Means for the Resale of Surplus Flour Individuals May Hold.

The following notice with reference to a plan for the return of wheat flour has been sent out by the food administration. M. F. Dunlap, Morgan county food administrator, has received instructions for the handling of returned flour and the general facts in the appeal and the instructions are presented to the public for their consideration and the necessary action.

An appeal has been made by the United States Government to its patriotic citizens to place at the disposition and disposal of the Government as much wheat flour as possible, that its equivalent in volume may at once be shipped to Our Troops Abroad and The Allies. Whatever amount of flour is now so contributed in Illinois, enables an equal amount to be released for foreign shipment.

There are a large number of loyal American Citizens who will be pleased to avail themselves of this opportunity to return all surplus or excess supplies of flour they may now have. Many will gladly make sacrifices in making such returns. There are unfortunately others who must be reminded that there is a specific Federal Law against "Hoarding," which provides a penalty of $5,000.00 fine or two years' imprisonment, or both for Hoarders. (Those who have more than their reasonable needs, particularly applicable now to flour.)

A final opportunity is now given to these to surrender their surplus supply and thus avoid and protect themselves against the possibility, and probability of prosecution in the Federal Court.

The handling of this subject is an intensive job: one that must be over with and cleaned up in thirty days. You are hereby directed to make the necessary arrangements for the handling of all flour so returned in your territory.

Flour dealers are asked to receive all flours returned on this appeal on the following basis.

RULES

Rule 1. Unbroken or original packages, only, (bags, sacks or barrels) should be received.

Rule 2. The maximum price of Twelve Dollars (basis) to be paid for by cash or trade, at election of buyer, (dealer) shall be subject to following mill differentials according to style of package:

	Bbl.	Bag
In bulk	$11.90	
In 140 lb Jute bags	11.90	
In 98 lb Cotton sacks	11.90	$5.95
In 49 lb Cotton sacks	12.80	3.00
In 24½ lb Cotton sacks	12.00	1.50
In 12¼ lb Cotton sacks	12.45	.77
In wood	12.15	

Rule 3. The Dealers to whom returned flour is offered by users thereof are urged to accept it whether purchased from him or not; but must accept it if the flour was purchased from him.

Rule 4. The Dealer may pay to the person so offering returned flour its cost price but such price must not exceed Twelve Dollars per barrel. (Terms stated in Rule 2.)

Rule 5. Dealers will keep an exact record of all such lots specifying (a) name and address of persons returning flour, (b) amount, (c) brand, (d) style of package. Full reports of all receipts shall be mailed on Monday of each week of receipts of preceding week, to their Local Food Administrator, or in his absence, the County Food Administrator. Dealer must give a receipt in duplicate to person returning flour to him after date of this bulletin, this receipt to contain statement "Duplicate to be Delivered to (name).....(address).....Food Administrator." The Food Administrator shall promptly report, full records of such receipts giving details (a) name and address of donor, (b) amount, (c) brand, (d) style of package of flour returned, to Harry A. Wheeler, Federal Food Administrator for Illinois, 111 West Washington St., Chicago, Illinois. Receipt of this will then be acknowledged by a personal letter to the persons returning the flour, assuring them that an equivalent of their return will be made immediately available at seaport for transport to France.

Rule 6. Local dealers will probably be willing to receive flour in exchange for their merchandise even though that flour was not purchased from themselves; but in event there should be offerings in excess of what the dealer can receive and finance, he will be provided with a receipt in triplicate, (as per Rule 5) and should give one copy of this receipt to the party returning the flour, retain one and send one to the Local Administrator. This flour will become a part of the flour assembled in the locality to be disposed of by the Food Administrator at home or shipped out in accordance with instructions which may be had by the Local Administrator whenever an accumulation of flour results in a quantity sufficient to make a shipment.

Rule 7. The flour so received by dealers may be put into the regular channels of trade and sold after previous stocks are disposed of, being sold regularly with substitutes, with a knowledge that equal amounts will be at once released for foreign shipment.

NOTE: If the amount of flour so received exceeds the reasonable requirements of the dealer, report of such fact should promptly be made to the Local Food Administrator, and relief will be promptly arranged for by the Food Administration.

Rule 8. Flour returned by farmers ground from their own wheat shall be paid for on the basis of present price of wheat at local elevator or mill plus the cost of milling and packages.

Rule 9. The miller who milled the wheat producing the flour must accept the return of same from person offering it to him and to pay for it as provided in Rule 8. Grain Corporations will, on request, accept such flour and reimburse to the miller the price paid for it. As it is quite possible that a larger amount of such flour may be turned in than it is reasonable to ask the mill to finance and store, and similar receipt to that described in Rules 5 and 6 will be provided and when a car has been accumulated either by the mill or in conjunction with other receiving stations, draft may be made upon the Food Administration. Upon the shipment of the car draft will be honored and the proceeds be distributed by the mill giving the receipt.

Rule 10. The U. S. Food Administration reserves the right to dispose of all unsold portions of such lots of returned flour at its discretion on notice and demand.

REV. MR. SIMONS BUYS OVERLAND CAR

Rev. Mr. Simons, well known minister living in Concord, yesterd purchased an Overland Country Club car from the Overland Berger-Pine Co.

HOW
To Increase the Fighting Value of Our Liberty Bonds and Thrift Stamps

By WALTER E. SPOONTS,
Chairman Morgan County Finance Committee.

The calls are coming thick and fast, but our boys are falling faster, and we cannot be true to the needs of our boys unless we meet every demand that is being made by the Government. We may not see the necessity of this work from our view point, but those who are in the thickest of the fight are sending out this call and we cannot afford to do less than our whole duty.

The great question in the heart of every true American is: "How may I help to win the war?" Generally speaking, there are two ways. First, by buying Liberty Bonds and Thrift Stamps to keep a superior army in the field and supply it with guns and ammunition. Second, by supporting Government approved agencies, such as the Red Cross, the Y. M. C. A., the Salvation Army, the Knights of Columbus and the Young Men's Hebrew Association in keeping the men behind the guns mentally, morally and physically fit to make the guns and ammunition do their utmost.

And it is a question as to which of these ways is the most important. Of course we can't win without guns and ammunition. Nor can we win unless the men behind the guns are kept at their best.

Every business enterprise today is measured by the effectiveness of the men behind it. A spiritless, down-hearted, discontented man cannot be efficient anywhere. It is true in the factory, the counting room, the store and the field. And it is pre-eminently true on the battle line where men are facing wounds and death.

To Maintain Morale of Fighter.

Every dollar we invest in Liberty bonds and Thrift stamps will be made doubly effective by a dime invested in maintaining the morale of the fighter—in promoting his mental poise, in refreshing his body, in strengthening his body, in strenthening his nerves, in heartening his determination, in keeping aflame his fervor, in magnifying his moral ideals, in enlarging his appreciation of his country and the cause for which he battles.

It is well for the world's liberty that this work is now being done by the different Government approved agencies which have been found to possess the equipment and training essential to the service. So far these agencies are the Red Cross, the Y. M. C. A., the Salvation Army, the Knights of Columbus and the Young Men's Hebrew association. Each of these agencies performs a service which cannot be performed as efficiently by another, and all working together produce the maximum result with the minimum of expense. In supporting the war work of these agencies we are not contributing to them as organizations. We are giving thru them for the welfare of our soldiers and sailors and the protection of our own liberty and property.

Among these agencies the Government thru the Salvation Army is now asking for your support. It is one of the best equipped and best trained of all the agencies in the field. Its war work started in Brussels, Belgium, on August 18th, 1914, and has been in continuous operation since that time. It has had over three years of training under every form of fire and trial. Its equipment represents the best lessons of these years of strenuous experience.

Salvation Army Equipment.

It has 190 huts used for social and religious gatherings and for dispensing refreshments to soldiers. It has 77 hostels or hotels located near railway stations, landing points in port cities and where most convenient for soldiers going to and from the front in which it accommodates over 4000 soldiers every night. It has over 300 rest rooms equipped with books, magazines, papers, etc., conveniently situated for the use of the soldiers. It has 760 officers devoting their entire time to religious and social work among soldiers. It has 48 motor ambulances in service, and 36 more ready for the call of the United States Government. It has carried over 100,000 wounded men from shell swept battlefields to hospitals.

It is this equipment, this force of workers and this wealth of experience that it places at our disposal. It would be unthinkable business folly for us to decline the use of it. It offers a supreme opportunity for us to make minutes do the work of months, and dimes the work of dollars. It not only offers its service in doubling the fighting power of our bonds and stamps. It saves us the investment of millions that we would otherwise be compelled to spend in the creation of exactly the facilities it offers.

It duplicates no work being done by its allied agencies. The different agencies are working in accord and with understanding. It would be impossible for them to do otherwise with the approval of the military authorities.

Endorsed by High Officials.

It has the endorsement of the President, the Secretary of War, the National and State Council of Defense, the Governors of all states, and numerous high officers now in the service both at home and abroad, headed by General Pershing. Its workers on the battle lines have the distinction of being authorized to wear the uniform of the American Army. Governor Capper, of Kansas, went out and worked personally in its recent fund-raising campaign in his city—showing his recognition of its importance.

Its workers, both men and women, over there go into the trenches, supplied with arms and gas masks, and from dugouts serve refreshments to the boys engaged in battle. They go into the very jaws of hell to rescue the wounded and carry them to the hospitals. They go into the guard houses and work with the boys who have erred and convert them into good soldiers—a work for which their prison service in time of peace has qualified them. Their women meet the fighters as they return from the heat of conflict and from loaded wagons refresh them with food and drink. They call the troubled and the lonely and the home-sick from dark and uninviting billets to their huts and rest rooms where they cheer them with music and games and refreshments, recite to them the story that never grows old, of God and Country and Home, and commit them to the benedictions of the Most High. They follow the dead to their graves whereon they place artificial flowers in Winter and make to grow and blossom the true flowers of nature in summer.

This folder is sent out by the Morgan County Finance Committee of the State Council of Defense. It will give you all the desired information you need in making the drive.

This campaign will be put on the 13, 14 and 15 of May.

the 13, 14, 15 of May.

Social Events

Birthday Surprise.

A party of friends met at Miss Gladys Wyatt's home, West Court street in honor of her birthday. The occasion was in the nature of a surprise. The house was tastefully decorated with lilacs and fleur-de-lis. The hostess received many remembrances of the day. All enjoyed themselves and when at a late hour all departed for their homes it was with the wish for many returns of the day.

W. F. M. S. of Brooklyn Church Met with Mrs. J. W. Waller.

The regular meeting of the Woman's Foreign Missionary society of Brooklyn church was held Wednesday afternoon with Mrs. J. W. Waller of East Superior avenue with a good attendance of members. Portions of the scripture were read by Mrs. J. H. Clements and Mrs. Walters. Prayer was offered by Mrs. Theobald. Following the secretary's report the members responded to roll call with quotations from Proverbs. The society is studying the book "An African Trail," and the first chapter was read by Miss Jeanette Reid. The Mystery Box was in charge of Miss Jefferson.

West Liberty Ladies Aid In All Day Meeting.

The Ladies Aid society of West Liberty church held an all day meeting Wednesday at the home of Mrs. Winfield Scott of West Lafayette avenue. Twenty members were present and the time was spent in sewing for the Red Cross and considerable work was done. At noon a delicious dinner was served. It was decided by the society to meet every two weeks in an all day meeting and do Red Cross work. The guests present were: Mrs. John Ranson, Mrs. Charles Ranson, Mrs. William Groves, Mrs. J. W. Clary, Mrs. John Tobin and Mrs. Louis Perbix of Markham.

HELD MEETING AT LIBERTY SCHOOL

A patriotic meeting was held at Liberty school house west of Jacksonville Wednesday night, Allinson Thomason presiding. A large company of people from the neighborhood was present. Addresses were made by Mayor H. J. Rodgers and E. O. Tandy along general patriotic lines.

SESSUE HAYAKAWA

—in—

"THE CALL OF THE EAST"

By Beulah Marie Dix

A PARAMOUNT PICTURE

The Feast of the Lanterns

One of the most goreously beautiful scenes ever screened. All of the colorful life of the Land of the Rising Sun is used as a background for the marvelous histronic ability of Sessue Hayakawa in his delineation of the most gripping character he has ever played. See this picture of Oriental romance, mystery and vindication.

ARTHUR KINGSLEY NOW AT GREAT LAKES

Former Jacksonville Young Man Enlisted in Navy Service—Newspaper Associates in Michigan Praise Him.

Arthur L. Kingsley of this city, who recently enlisted in the navy, is now at the Great Lakes Naval Training Station. Mr. Kingsley, who is of draft age, did not wait to be called into the service but preferred to enter of his own volition. More than a year past he has been a resident of Highland Park, Mich., where he established the Highland Park News, a paper which is already filling an important place in that community. After Mr. Kingsley determined to enter the service he arranged to incorporate the News Publishing company in order to turn over the management of the paper to this company during the period in which he is in the navy service. In the issue following his leaving for Great Lakes station the publishers of the News presented a splendid picture of the former editor, together with a story of his enlistment and very complimentary editorial notices. The writers in signed articles gave the strongest kind of testimony of their appreciation of Mr. Kingsley's character and spirit, as the writers had come to know him thru intimate association. The following paragraphs are taken from the news and editorial columns of the paper:

Optimistic Spirit.

"It is with a feeling mixed with pride and patriotism that we chronicle the departure of Arthur L. Kingsley, former owner and founder of this newspaper, to do 'his bit' in the U. S. navy, in which he enlisted a few days ago. When we say to do 'his bit' it means something, for Arthur L. Kingsley is never done doing his bit until he has done his damndest, and while this word may seem slightly profane, in these days of intense feeling it requires intense words to express the climax to our feelings.

"Mr. Kingsley is a young man who will be an honor to his flag and country in whatever capacity he may be called upon to serve.

"His service will be underlined with an optimism and a 'do or die' spirit that will be forever an inspiration to those with whom he comes in contact, to face whatever comes with a smile. Art Kingsley is a man from the soles of his feet to the crown of his head, honest, clean and four square. The measure of a man can best be taken by those who come in daily contact with him in the ordinary affairs of life. And the writer knows him better perhaps than any other man in Wayne county, and can truthfully say that in all his dealings, and in all his business connections his honor, integrity and faithfulness have never been questioned. We know him to be an absolute teetotaler and also that in all his conversation about home, his mother came first and to raise such a son he must have a good mother. To her the writer, a stranger to her, pays a special tribute, for the raising of a son of whom she and her family may feel justly proud. Here's to you, Art, old boy, we hope that when this great war is over it may be our pleasure to see you back on the job.

Made Good in New Home.

"I am not going to try to carve Arthur L. Kingsley's epitaph, nor am I going to heap flowery phrases upon his head, but I am going to try and speak of an out-of-the-ordinary man in plain and ordinary words.

"When Art Kingsley came to town, he brought with him a personality, and idea, and a determination. His idea contained a thousand ideas within itself, his personality gave him opportunity to place these before the merchants of Highland Park, and his determination was to place a newspaper in Highland Park that truly represented the right and was not afraid to say what it thought and do what it said.

"Art Kingsley lived on the spirit of his convictions and he had the stuff in him to do and dare. He was not a follower but he was a leader. He never said he would do a thing but what he did it. He never fell down on his word, no matter what conditions were, nor how great his promise. He did not misrepresent, nor elasticate, nor exaggerate and when things looked dark he never 'gave up the ship.' Art Kingsley never knew what the word 'quit' meant and 'maybe' was not in his vocabulary.

"Art Kingsley was honest, straightforward and persevering. When he made up his mind to do a thing, he did it and nothing was too large for him to attempt."

Savings deposits made during the first ten days of May will draw interest from the FIRST of the month.

MRS. JOHN LARSON HOME AGAIN

Mrs. John Larson has returned home from a pleasant sojourn in company with her husband who is quartermaster sergeant at Camp Sheridan, near Montgomery, Alabama. There are some 30,000 soldiers in camp and it gives a new life to the sleepy old city of some 40,000 inhabitants. The southerners are very kind to the boys in khaki and do much to entertain them. Mr. Larson is in the quartermaster's department and his rank is somewhat akin to the second lieutenant in the infantry. He is pleased with his work tho like the rest of the boys he is anxious to get across the water and have a hand in conquering the kaiser.

There is a base hospital at Camp Sheridan and while she was there four additional two story bulidings were going up like mushrooms in the night and it looks as if it would be made a permanent camp or hospital unit for the boys who come back from France sick or wounded. The Taylor aviation field is near by and May 15th an officers' training camp is to be established. The K. C.'s have a fine, large building and the Y's are also well equipped in that respect and all are doing noble work. They are also erecting not far from the camp a hostess house for the accommodation of ladies who go to visit husbands or relatives in the camp. It will be in charge of an experienced lady from Nashville. Conditions in the camp in general are good and the men well cared for and the moral situation is cheering to anxious parents and friends.

IS CRITICALLY ILL.

Word has been received here of the critical illness of Mrs. John Hopper at home in East St. Louis. Mrs. Hopper was formerly Miss Nita Beadles of this city and her husband is a brother of Mrs. Charles Minter and Mrs. Andrew Leck. Mrs. Minter has been in East St. Louis for the past two weeks and sends word that there is little hope of Mrs. Hopper's recovery.

SELL FAMOUS TOURING CAR

The J. F. Claus Motor company yesterday sold a famous touring car to J. C. Taylor, a prominent farmer of Merritt.

GRADUATING RECITAL.

All friends and those interested are cordially invited to attend the graduating recital in Expression given by Miss Lavina Jones in Music Hall at the Illinois Woman's College, tonight at 8:15. She will read, "The Little Minister." Miss Jones is well known in Jacksonville and her many friends will be glad to attend.

VIVID STORIES FROM THE BATTLE FRONT

Wounded Soldiers With War Relic Train Tell Facts that Point to America's Duty—Rev. M. L. Pontius Gives the Testimony of These Heroes.

The wounded soldiers who recently visited Jacksonville with the Third Liberty Loan war relic train had many thrilling stories to tell relative to the war, stories of their own personal experiences. During the brief time they were in the city they had little time to tell very many of these tales so that it is a fortunate circumstance that makes it possible to present a few of these as recounted by Dr. M. L. Pontius, pastor of Central Christian church. Dr. Pontius accompanied the train for several days and became well acquainted with the men.

Has Seen Much Service.

The British lieutenant Charles Reaves, who made his maiden speech in this city has seen much of the war. He has been a commissioned officer in the British army since the declaration of war and has seen a great deal of service. He is an expert machine gunner and has led the batallion known as the "suicide club" on many a front line charge.

Speaking of England's lack of preparedness at the opening of hostilities Lieut. Reaves said that the first 80,000 British troops sent in battle line were unsupported by artillery and had practically no machine guns. At the battle of Luce these 80,000 men were called upon to face 400,000 Germans who were equipped with machine guns and who were supported by heavy artillery. In the batallion, 1,000 strong, of which Lieut. Reaves was a member, 155 men came out of the battle. In his company of 150, 22 returned. These figures give some idea of the awful slaughter of the poorly equipped British forces at the start of the war.

Later Were Equipped.

Later at the close of the Battle of the Somme the British forces were well equipped with heavy and light machine guns and supported by heavy artillery, they also matched the Germans in the matter of gas shells and were amply equipped with gas masks. This time Lieut Reaves' battalion of 1,000 men came out of the battle 860 strong and his company of 250 men lost but 32 men. Lieut. Reaves gave these figures to show how virtually important it is to have troops adequately equipped, prepared, and supported by artillery fire. This should be a lesson for America's heed and furnish enough argument for the sale of Thrift and War Savings Stamps and Liberty Loans to bring the entire country to attention. The troops must be sent into battle equipped for their hazardous occupation of wiping out the Hellish Hun and it takes money to make this possible. To send Americans against the Germans only partially prepared to fight would be but to invite the frightful losses sustained by the British forces at the outbreak of the war.

Tribute to Lewis Gun.

Lieut. Reaves paid especial tribute to the Lewis machine gun. This wonderful weapon was not adopted by the United States government altho its inventor is an American and a member of the United States Army. The weapon was not adopted by many of the allied nations either, however, the argument against the gun being that it was too light. Belgium tho, believed the gun to be an effective offensive weapon and acordingly when war was declared in August, 1914, this little country was in possession of 20,000 of these machine guns. It is Lieut Reaves' opinion that the work of the Lewis machine gun in the hands of the Belgian troops in the first days of the war was a very large factor in preventing the invaders from coming right thru into Paris as they had planed.

Guerrilla Warfare

During the retreat of the British forces in battle Lieut. Reaves has many thrilling experiences to relate regarding the work of the rear guard action. His company of machine gunners engaged in this work and it was their business to delay the advance of the enemy as much as possible in order that the main artillery might retire in orderly fashion and without disorganization. The Germans of course threw out advance guards, and the fighting between these guard divisions was always of a "guerilla" nature. Lieut. Reaves has been wounded severely on two different occasions.

England's man power is said to be at low ebb, as she has lost heavily all thru the war. During recent months, during the German spring offensive the British forces have lost between 250,000 and 500,000 men.

Evidences of Barbarism.

Private Nelson, the wounded Canadian, who was a member of the war relic train and who made such a thrilling and strong address here for the loan, alluded frequently to the scenes he had witnessed in Belgium, of the horrors, of the barbarism of the Teutonic hordes, of seeing little children with the right hands cut off and of women with their breasts cut off. The Germans perpetrated these acts evidently in belief that the next generation will decide the war, and so that the youngsters would not be able to take up arms in the defense of their country and so that the women would be unable to rear children.

The Major Got In Line.

The British officer tells a number of humorous stories of things he has witnessed "over there." He told of one instance of where a very officious sergeant was in charge of a squad of four British machine guns. The non-com took his stripes very seriously and was full of egotism. An attack was made by the British and resulted in the capture of 60 Germans. Among this number was a German major. The major was also an officious personage and when ordered by the sergeant to fall in with the rest of the prisoners and march to the rear he demurred. Addressing the British non-com he said:

"I'm a major in the German army and I refuse to march in line with these private soldiers. Send a commissioned officer so that I may have proper escort to the rear lines."

"You may be a major now," replied the sergeant, "but you'll be a corpse in about thirty seconds if you don't fall into line."

Dr. Pontius said that wherever the lieutenant related this story it was always received with applause and cheering.

Encounter With Germans

Reaves told of one experience of his own, when he had become isolated from his command following hand to hand fighting and was alone. He came upon an old barn or shed and entering it found himself face to face with three German privates. Recognizing him as an officer they immediately threw down their arms and held up their hands in token of surrender. However as soon as they discovered the fact that he was alone they grabbed up their weapons again and one of them shot at him and missed. Reaves shot one of them dead and took the other two prisoner.

Honor to Other Fellow.

Lieut. Reaves was asked on a number of occasions where the train stopped just what his feelings were when called upon to make a charge at the head of the "suicide club" (machine gunners) or in a bayonet charge. The lieutenant always stated that it seemed to him that one of the greatest honors and one of the greatest privileges which could come to a man would be to die fighting for his country, however that his feelings were when he went over the top for a charge that it was still more of an honor and still greater privilege to let the enemy die for his country and he endeavored on all occasions to see that this was the case.

Ignored International Law.

Germany has violated international law in a number of different ways and means. In fact she has paid absolutely no attention to international law.

Germany has sunk unarmed merchant vessels.

Germany has attempted to take the lives of unarmed civilians.

Germany has violated international law by firing on Red Cross workers.

She has violated international law by shelling "Y" buidings.

She has violated all agreements regarding truce flags.

The British officer related one instance wherein the English sent out a squad of five men under a white truce flag to collect and bury their dead in No Man's Land. Disregarding the flag the Germans opened fire and put two of the party returned to their post.

Must Be Well Equipped

The lieutenant reiterated again and again during the trip the necessity of having the American troops well equipped for the work they must do and of having the infantry forces well supported by adequate units of heavy artillery.

"The men in fighters must be equipped. They must be supplied with guns. The army must have "eyes" and airplanes must be sent across the Atlantic by the thousands. Billions of dollars must be spent by this government in supporting an army of millions of men in the field.

Buy Your Stamps Now.

Every dollar counts. Every bit of money which you invest in thrift of war savings stamps will aid in equipping the men at the front so that they will be better equipped and have more chance of coming back alive when their call comes to go over the top.

IN A SALVATIO N ARMY HUT

(By George T. Bye, a special Correspondent of the St. Louis Star.)

Paris, (Via London). — The American general who introduced me to the work of the Salvation Army was gracious enough to have me for dinner before I spent a night in the American trenches. The dinner was a fair one and ended with a fine apple pie—the first pie I have found in all Europe with the crust crisp and neatly kneaded, just like mother's kind back home.

"You must have conscripted the chef of Waldorf-Astoria and brought him over with you," I said, smacking my lips.

"No we owe that pie to the Salvation Army," he smiled, "just as we owe a great deal of the contentment of our men to the Salvation Army."

.."The Salvation Army — from back home—with tamborines and bass drums?"

The general was smiling broadly now, with the pleasure that goes with telling good news. "That same Salvation Army," he said. "Our men in the trenches up here have found their best friend in the Salvation Army, and I say this without any prejudice against any other organization. Their attitude toward the boys is that of a mother. When it grows it's going to be the army's "Big Mother." They treat every fellow, rough or refined, as if they loved him. You have only to read the soldiers' letters, as we do here in censoring the mail, to realize how deep in the hearts of our men is the Salvation Army.

THRIFT STAMPS NOT FOR ADVERTISING PURPOSE

The following ruling which will be of interest to the Jacksonville merchants, and may serve to keep them from unintentionally violating the rulings of the Government with regard to the sale of Thrift Stamps, has been received by the local War Savings Committee.

"It is the desire of the National War Savings Committee to prevent in every way possible the use of War Stamps for advertising purposes. Thus they object to an advertisement appearing in Lowell, Mass., offering 25c Thrift Stamps for a $2.00 purchase in a given store.

"We have asked for a more explicit ruling on this matter. In the meantime, we suggest that County Chairmen be careful not to give official sanction to the use of Stamps and Certificates as Commercial premiums."

Martin A. Ryerson,
State Director of War Savings
For Illinois.

BAR ASSOCIATION HELD CONFERENCE.

At the meeting of the Morgan county bar association yesterday at the conclusion of setting the docket a discussion was held with reference to the extent of services attorneys shall give to registrants under the selective draft and dependents. A letter from the state bar association with reference to this subject was read. It has been found in various communities that inroads upon attorneys' time have been excessive and the attorneys have been put to a considerable expense for the work of stenographers. It seems to be the feeling that there are cases where no charges should be made and other cases where the registrant can with propriety be charged some fee. The whole matter was referred to a committee cluding Judge Thomson, Hon. Thomas Worthington and William T. Wilson, for investigation and report.

WILL ADDRESS YOUNG PEOPLE.

E. P. Gates, Illinois field secretary of the Y. P. S. C. E., will be present at the Christian church this evening to make an address following the 5:30 luncheon. All young people in the city are cordially invited to be present for this service. Mr. Gates is a speaker of unusual ability.

CLEANUP WEEK IN SOUTH JACKSONVILLE

The week beginnng May 13 has been designated by the village of South Jacksonville as a general cleanup week. This does not mean that the streets and yards in the village are in very bad condition, but the officers recognize that there can be some improvement and so the purpose is to follow out a general program of cleaning up all premises. The board believes that this policy will benefit not only the appearance of the community but will be a desirable health measure, as well.

The railway company is repairing its tracks in South Jacksonville, filling in low places, and the village authorities will level the streets. When the necessary grading has been done then oil will be applied, so that the residents will not be bothered with dust during the coming summer months. A number of improvements in South Jacksonville are being made, including a modern bungalow which Benjamin Lurton is having erected on South Main street. George W. Brown is the contractor.

A DAVID PRINCE DRUM CORPS.

Superintendent Perrin is much to be commended for the lessons of patriotism he is constantly inculcating and advocating and his faithful corps of teachers are right with him heart and soul in the work. The latest undertaking is a drum corps made up of boys in the David Prince school and the getting up and management have been intrusted to Miss Jennie Grassly, whose ability in managing affairs with the young is well known. The boys have scoured around and raised eleven tenor drums and are now on the war path for a bass affair and if they only could muster a fifer their joy would be complete. He must be from the school and the one to play that instrument has not yet appeared though some arrangement may be made.

The boys met with Miss Grassly at Armory hall yesterday and had a successful rehearsal and all seems to be going well and they will be heard from decoration day in no uncertain manner. The boys so far are Clarence Boruff, Martin Graff, Marion Parker, Allen Kelly, Lee Adkisson, George Obertate, Elmer Joaquin, James Cruzan, William Sperry, Earl Hoover and Walter Bradish.

HE GOT THE TOBACCO.

I. N. Mathews of the west part of the county was one of the city visitors yesterday. The gentleman is a veteran of the war, was in Co. B, 101st infantry and went thru the experiences of that memorable organization. The writer met him in Cassell's tobacco store as he was getting a goodly supply of the weed and remarked that he had seen the time in the service when men would have given a great deal for a plug like that. Mr. Mathews said one time when his command was in Alabama a member of the company and a lover of tobacco had but five cents to his name and went to the sutler and asked for half a dime's worth of the weed. The sutler replied that five cents wouldn't even pay for a smell of it.

The poor fellow reported the rough remark to his comrades so a buinch of them gathered about the sutler's shack, engaged his attention in one direction while one of the number reached in and took a whole caddy of tobacco and the boys in that squad were supplied for a while to come

THE BOYS FARM WORK RESERVE.

While the demand for boys for farm work in this locality has not been equal to that elsewhere, people here will be interested in knowing that 20,000 boys in the state between the ages of 16 and 20 have enrolled for work on the farms. This enrollment, backed by the state council of defense, was made possible thru the co-operation of the U. S. Boys' Working reserve. Most of these high school boys enlisted for this work because of a commendable feeling of patriotism. In some localities farmers are asking for all the boys they can get and in other localities farmers are being urged to take boys in order to have them in training for harder work next year, when the shortage of mature farm workers will be more acute.

PLATT ON HIS WAY.

Word was received in the city yesterday that Loring Platt had left Houston, Texas, with an advanced detachment of the field artillery. It is probable that the men are on their way for some port to get ready to go across.

Mr. Platt was formerly in the employ of the Journal company and enlisted over a year ago at Urbana, Ill., in the artillery.

GAVE LECTURE ON ECLIPSES.

Prof. F. P. Whisler gave a very interesting lecture at the chapel exercises at Illinois college Wednesday morning. Prof. Whisler had the eclipse phenomenae as his theme and talked particularly about the total eclipse of the sun which is scheduled for June 8. The average rate of travel for this eclipse will be 33 miles a minute and it will traverse the continent in about 47 minutes. Prof. Whisler will be in Colorado for some investigation work in June and expects to view the eclipse from that locality.

ATTENTION MATT STARR POST G. A. R.

All members of Matt Starr Post G. A. R., and all veterans are requested to meet at the Court House and be ready to escort the departing men for the war Friday at four p. m.

VETERANS CALLED OUT

There is a call for the members of Matt Starr Post and all veterans to turn out at four o'clock Friday to see the boys off to the train. Major McDougall was unable to get into communication with Commander Swales but issued the call on his own authority and will get the commander's o. k. as soon as possible.

AUTOMOBILE PROSPECTS.

We have sold two closed cars this month. Look for the smoothest running, best looking closed car, then you will see the Paige Six. The best value in a closed car that has arrived in the city up to this date. You can get this excess quality at a very moderate price. Investigate before purchasing.

L. F. O'Donnell.

LOCATED AT CAMP DIX

Friends in the city have received word that Harry H. Barnes is now located with the 12th Company 3rd Battalion, 153rd Depot Brigade Camp Dix, Wrightstown, New Jersey.

WILL MEET TODAY.

The alumnae association of the academy, athenaeum and conservatory will hold a business meeting this afternoon at 4 o'clock at the parlors of academy hall.

Mrs. A. B. Williamson, Pres.
Miss Potts, Secretary.

Portland, Ore., has added six women to its police force.

BUY LIBERTY BONDS

RECORDS SHOW USEFUL Y. M. C. A. WORK DONE

One Hunrded and Fifty Boys Hold Membership and Take Part In Activities—Interest In Campaign Does Not Lag.

While daily meetings of Y. M. C. A. campaign canvassers are not now being held, there was never more interest among the workers and the question of completing the total of $8,000 is merely a matter of a few days. The fact is that most of the team members have agreed among themselves to meet the proposition made by M. F. Dunlap and the $350 quota for each team in most instances has been raised or pledged.

A VOLUNTARY CONTRIBUTOR

That there are still plenty of people who can be called upon for needed assistance was indicated when Secy. Findley received thru the mail yesterday with a check for $5 the following note from a well known Jacksonville woman: "Don't be afraid to ask for gifts. No one came to see me so I enclose this check." While because of some confusion of names a number of people have been canvassed more than twice, there undoubtedly remain a great many people who thus far have not been personally asked to make any contribution. Any such persons who are willing to contribute a dollar or more to the fund should call the Y. M. C. A. by phone or send a notice thru the mail.

While some people are inclined to question the efficiency of the work being done by the local association, the records there are very interesting, in that they show 150 boys have had membership in the organization the past year. The average daily attendance of boys at the association building, the records prove is, 50 and the largest attendance of people at the building on any one day was 550.

SOME Y. M. C. A. ACTIVITIES

The High Y club is a Y. M. C. A. organization made up of high school boys and has a membership of 45. There have been 32 sessions held during the past year with a total attendance of 504. The Junior Boys' Bible classes number six with an enrollment of forty two. There have been fourteen sessions held during the year, with a total attendance of 339. One of the features of the association work which the boys greatly appreciated was the camp at Lake Matanzas, conducted for 10 days, where twenty boys had the time of their lives. One needs but to visit the Y. M. C. A. gym building to see the interest of the seniors, juniors and intermediates and the business men in various athletic classes. Not the least important features of the work have been embodied in the basketball league games. Three teams of players from the Sunday schools, ward schools and David Prince school have played a series of games in the gym with hundreds of interested young people in attendance.

There are other activities which might readily be enumerated here all tending to prove the importance of the work being done. Occasionally the workers meet someone who is not inclined to give toward the fund because of dissatisfaction with the Y. M. C. A. work in the past. To all such persons the canvassers reply that now it is not a question of individual opinion about the general efficiency of the local Y. M. C. A. organization, but it is a question of maintaining the association at the present time as a necessary part in the Y. M. C. A. organization, upon which the great foreign army work and the home cantonment work is built.

NOTICE TO TEAM

The following persons have been selected for team work under C. A. Fielder as captain: Jerry Cox, Joshua Vasconcellos, Rev. W. E. Spoonts, C. H. Rammelkamp, L. S. Recker, A. C. Metcalf, E. G. Saye, George Imgrund, J. S. Findley.

Will the members of this team please arrange to meet at the Y. M. C. A. rooms Thursday evening at 7:30 to plan a trip to Murrayville on Friday evening.

MEDICAL ADVISORY BOARD

The medical advisory board of District No. 16, met Wednesday at Passavant hospital. Only a few registrants from the Morgan County Board were examined and recommendations made and referred back to the local board.

The board decided to invite the medical members of the local boards in this district to meet with the advisory board Wednesday May 15th, at Passavant hospital.

The regular meeting of the board scheduled for Wednesday, May 22, has been postponed to Friday, May 24, on account of the annual sessions of the Illinois State Medical society.

END OF SCHOOL TERM AT SCIENCE HILL

Friday will be the closing day for Science Hill school and a patriotic program has been arranged for the afternoon hours. Judge W. E. Thomson of this city and Rev. W. E. Keenan of Franklin will talk on War Savings stamps. A basket dinner will be served at noon and all friends of the school are invited to be present.

DEATHS

Ennis.

Mrs. Ira D. Ennis passed away Tuesday afternoon after an illness of several months. She was born June 24, 1851, and her maiden name was Amanda Ealy. In early life she was married to Ira Ennis and was the mother of a number of children as follows: Mrs. Myrtle Farrelly of Springfield; Mrs. Leroy Moore of Chicago; Frank of Indianapolis and Mrs. T. E. Lane of Quincy. She is survived by two sisters, Mrs. Morris Dyer of Palmyra, Mrs. Mary Busey of Roodhouse and a brother living in Parsons, Kan. She united with the Baptist church when quite young and has ever been a consistent member of that body.

The funeral will be conducted at the First Baptist church at 2:30 p. m. today, Rev. A. A. Todd D. D. in charge and burial will be in Diamond Grove cemetery.

The remains are at Reynolds undertaking parlors where they may be seen up to 1 o'clock. The casket will not be opened at the church.

WITH THE SICK

Mrs. Louis Ervin is ill at her home, 414 East College street with pneumonia.

PARENTS DAY AT GRACE CHURCH

Sunday, May 12, will be observed as parents' day at Grace Sunday school. All parents are invited to attend the exercises of the day, look over the school and see what is being done in the various departments. An interesting program will be given and good music at 9:30 o'clock.

Rheumatism Back on the Job With its Old Time Fury

No Let-up in its Torture

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause rheumatism are on the warpath. Winter weather seems to awaken them to renewed fury.

But your rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germs, can rid you of this disabling disease.

S. S. S. has given some wonderful results in treating rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of rheumatism. Get a bottle today at your drugstore and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

ISTORIC TRINITY CHURCH TO RISE AGAIN

plendid Edifice of Distinctive Type Will Replace Building Destroyed by Fire—Plans of Architect Approved.

The people of Trinity Episcopal urch have definitely determined to ild a new church to replace the hisric structure recently destroyed by re. At a recent meeting the church ficials and members voted unaniously in approval of the new church oject and the plans as drawn by J. . O. Pridmore of Chicago, who really nks as the diocesan architect. The plans which Mr. Pridmore has repared provide for a church of midterion architecture. It will be lotted 30 feet east of Church street and 30 feet south of State street, fronting to the west. From Church street the ground will be terraced at the church tower and there will be entrances on both north and south sides of the tower. Immediately inside the vestibule will be stationed the font and baptistry and the church auditorium will stretch toward the east, with the choir chancel and altar occupying the space beyond the news.

BUILDING OF BRICK AND STONE

The church building will be of brick and stone and the interior finish will be in a stone effect, which will not require either plaster or paint, it will be a natural finish. Jacksonville people who have visited the Studebaker theatre on Michigan avenue in Chicago since it has been remodeled will recognize the type of finish that the architect has proposed here. The parish house will connect directly with the church edifice, it being the purpose to use the present parish house in a remodeled form. A new rectory is included in the plan, which will be directly connected with the parish house and thus located toward the south side of the present Trinity church property.

The main church edifice will cost according to estimate about $40,000 to $45,000 and the church people have fully decided to build this church edifice. It is entirely probable that the parish house and rectory plan will be included and this will bring the total cost to approximately $60,000. The architecture is of a distinctly churchly kind and the whole building plan, together with the grounds as conceived by the architect, will be of a distinct type, intensely appropriate for a church and its surroundings.

THE GROUND PLANS

The plan as drawn calls for a church gateway leading to the walks over which one will approach either of the tower entrances. The outside boundaries of the property will be marked by hedges and a sunken garden has a place in the plans near the southwest corner of the property not far from the present site of the rectory. Another feature of the plan is an ambulatory all along the west side of the parish house—that is, reaching from the main church to the rectory. This will be nothing more or less than a vine-covered porch. It will add greatly to the beauty of the whole and to the general churchly appearance.

At the north side of the main church building the plans provide for a small chapel to be used for especial occasions when the number of communicants present is small or for a marriage service. The parish house rebuilding plans provide for guild rooms, two rooms for choir members, a kitchen and one or two other departments. The officers of the church received $9,300 on the insurance account and the pledges made at the recent meeting quickly raised the sum immediately in sight to $26,000. It is the purpose to speedily secure other subscriptions and it is the hope of the officers of the church that the contract can be let at no distant day for at least the erection of the main church building.

MRS. M'MEANS FUNERAL WILL BE HELD TODAY

Remains Taken from St. Louis to Former Home at Winchester—Scott County News Notes.

Winchester, May 8.—Wilbur Coultas arrived Tuesday from Crestline, Ohio, for a short visit with his parents, Mr. and Mrs. John Coultas.

P. D. Smith left Wednesday for Minier to visit relatives.

Miss Louise Frost returned Tuesday night from a visit with relatives in St. Louis.

Lieut. Ray Shibe left Wednesday for Camp Jackson, South Carolina, after a furlough with home folks here.

The remains of Mrs. Mary McMeans arrived Wednesday night from St. Louis. Mrs. McMeans passed away Tuesday at St. Rose hospital. She is survived by three sons, Leo and Lawrence of Winchester and Edward of St. Louis. Funeral services will be held at St. Mark's church Thursday morning at 9 o'clock in charge of Father Bell.

A. B. Ring has resigned his position in Frost & Hubbard's bank and enlisted in the navy. He expects to leave here soon for the Great Lakes Naval Training Station. Mr. Hess, assistant cashier of the Farmers and Traders Bank at Manchester will take Mr. Ring's position in the local banking house.

Howard and David Buckley of Bloomington are visiting their parents, Mr. and Mrs. Jacob Buckley.

Melvin Murray returned Wednesday afternoon from Jacksonville with a new car. Mr. Murray and son George expect to leave Thursday morning for a business trip to St. Louis.

ATTENTION, KNIGHTS TEMPLAR

Hospitaler Commandery No. 31 K. T., will hold a special conclave Friday evening at 5 o'clock for work. Supper.

WHITE HALL LEADS IN LIBERTY LOAN

Tops All Cities in Greene County in Amount of Subscriptions—Wife Montana Senator Will Remain Here While Husband Goes to France in Red Cross Work.

White Hall, May 8.—Ralph Metcalf of Greenfield, chairman of the Liberty Loan organization of Greene county, today announced the tabulation of results of the Third Liberty Loan campaign, which places White Hall in the lead of all other communities in the county. A complete list of the returns is as follows:

	T'l. Sub.	Quota
White Hall	$229,000	$127,950
Carrollton	206,650	125,670
Roodhouse	56,450	60,650
Greenfield	114,500	69,700
Kane	20,000	14,300
Eldred	15,400	12,550
Hillview	13,250	7,400
Total	$652,250	$418,220

Roodhouse dropped behind its quota because of the campaign among the employes of the Chicago & Alton Railroad conducted by the railroad company, for which Roodhouse is not here given credit. This represents an item of some $20,000, and places Roodhouse far ahead of its quota and in a comparative lead with the other cities.

Greene county is now in the honor list in the War Savings campaign, the chairman of the county organization is H. O. Tunison of White Hall, and he is organizing his forces for a new drive to be launched next week. He has a force of stenographers at work sending out plans of the campaign, and next Saturday will be observed at Publicity Day, followed on Sunday with a religious call to patriotism by lessons in the Sunday schools and appropriate sermons and addresses.

SENATOR LANE GOING TO FRANCE

Senator Eugene Lane, accompanied by his wife, is expected to arrive in a few days from Lewistown, Montana, the latter expecting to remain here while her husband goes to France to take charge of the American Red Cross work of J. D. Ryan, who has been placed in charge of the United States aircraft production program of the war department, and it is at the request of Mr. Ryan that his friend Lane assumes the Red Cross work in France that has been in Ryan's charge. The American Red Cross work in France is divided in three zones, and Mr. Lane will have charge of one zone. He is a personal friend of the distinguished Mr. Ryan, the man who is now depended upon the rescue this government from the embarrassment of the failure of the aircraft program, and there are rumors now that Mr. Ryan regards the ability of Mr. Lane so highly that Lane may yet be retained in this country in connection with an important post in aircraft production. Mr. Lane is the son of Mrs. D. N. Henderson of White Hall, and in the years that he has been a resident of Montana he has attained prominence and wealth, being rated among the leading valuable men of that state. He is a member of the Montana senate, and in order to serve the government in winning the war he leaves the head of a corporation at a salary of $12,000 per year to take up Red Cross work in France at a salary of one dollar per year and pay his own expenses. The management of the Decoration Day exercises are hoping that Mr. Lane's visit will be at a time when he can participate in the events of that day and meet all of his old home friends.

COMMENCEMENT WEEK

The week of events in observance of the 29th annual commencement of the White Hall high school will begin with the baccalaureate service next Sunday night in the Methodist church, which will be a union meeting of all the churches. The sermon will be delivered by Rev. Leo Howard.

Private class functions are planned for the fore part of next week, and the commencement proper will be held in Princess Theatre on Friday evening. There are thirty four graduates, and the exercises will be carried out by members of the class, the usual plan of having a lecture having given way to orations, recitations and musical numbers by the graduates.

The 31st annual banquet of the alumni association will be held in the Knights of Pythias hall on Monday evening, May 20th.

WHITE HALL NOTES

George Koch has returned from Hot Springs, Ark., where he spent four weeks in seeking relief from his long siege with inflammatory rheumatism, from which he is convalescing.

White Hall has taken one distinct advance in getting the streets dragged and put in first class condition with oil at a time when the weather permitted most effective results.

H. F. Chapman of Jerseyville, a breeder of Percheron horses, is planning a show of the offspring of his stallion Actor some time this summer, the date of which he says he will announce in a short time. Mr. Chapman promoted the Pig Day event held at Jerseyville last year, and it was the leading event in agricultural affairs of Jersey county last year.

Harry Lipe and Miss Nell Davis were married in St. Louis Saturday, and they have gone to Chicago to reside. Both were connected with the Bell Telephone Co., in St. Louis, the groom having more recently been traveling in the interest of an adding machine company. He is a native of Bunker Hill, Illinois. The bride is a daughter of W. W. Davis of White Hall, and this fact gives local color to the affair.

A good roads promotion meeting has been called to be held in the city hall on Friday evening of this week.

E. I. Wendell was down from Beardstown Sunday. He is in the employ of the Burlington railroad there, being engaged in yard work.

Mothers' Day will be appropriately observed by the churches next Sunday at the morning services. There will be union meeting at the Methodist church at night.

Fleet Barnett is home from Camp Taylor this week. He went with the first contingent from Greene county, and this is his first visit back home. He looks to be healthy and happy.

Mrs. M. A. Lewis and daughter, Mrs. Fred Gunther, went to St. Louis Wednesday morning to spend the day.

Leroy Richert writes from Columbia, S. C., that he expects to be home in a few days on a visit.

It is reported that L. L. Croker has purchased the H. Porter residence on North Main street, and that he will move to White Hall. Last week we announced the purchase of the handsome Mytinger residence on West Bridgeport by Jack Coker, and these deals indicate that the Cokers are all to come to White Hall. They are farmers of the neighborhood of Patterson. A. O. Vosseller has purchased the Huggins tenant house on Sherman street, immediately south of the public school.

At the regular May session of the city council Tuesday evening, Mayor R. C. Boehm appointed a committee of citizens to arrange formal farewells to the boys who are from time to time being called to the colors. The committee consists of H. O. Tunison, Revs. E. C. Lucas, J. A. Simpson and Leo Howard, J. D. Rowe, and Carl Lowenstein. The contingent called this week takes only one from White Hall, Virgil Bowen. On the 25th, however, a large number will probably leave. This meeting was the first of the new year, and three new aldermen took seats: George Chism, Frank Campbell and S. H. Scott, succeeding T. J. Grant, L. B. Ballow and Jesse Morgan in respective order as representing the first, second and third wards. Mayor Boehm announced a new committee list, and the new council organized with good prospects for a harmonious and effective record for the year.

TIME FOR TENNIS

See the new racquets (Wright and Ditson) at Lane's Book Store.

AT WESTMINSTER CHURCH

A family dinner party was held by the members of Westminster church last night. The members were organized by circles and all brought lunches with them. After serving of the excellent dinner a business session was held and various plans were talked over for the coming months. Dr. E. B. Landis, pastor of the church, presided as moderator. Incidentally W. J. Brady, president of the board of trustees, presented a plan for raising a fund of $750 to take care of the church indebtedness. In a few minutes' time provision was made for this amount. The greatest unanimity of spirit was apparent and the church is planning many activities for the summer and fall months

OLD JACKSONVILLE

Our Statesmen

By Ensley Moore

(Member Illinois State Historical Society)

By the term statesmen is meant those who have served in state offices, from Jacksonville or from Morgan county. Some of these were dwellers in what afterwards became Cass and Scott counties, but were from Morgan at the time of election.

Judge Lockwood.

Probably none of our citizens have served in more offices, or longer in years, than Judge Samuel Drake Lockwood. It is doubtful whether a better or more competent man ever sat on the bench in Illinois or any other state. Judge Moses, in his History of Illinois, says of Judge Lockwood, "* * Lockwood stands out conspicuously as the beau-ideal jurist." Judge Lockwood was noticed at length in this series of papers, in the Daily Journal of Sept. 23, 1915.

He was born in Poundridge, Westchester county, N. Y., Aug. 2, 1789. He settled in this state about 1820, and came to Jacksonville in 1829, living at the southwest corner of Church street and College avenue. This was his home until 1853, when he removed to Batavia, Kane county, where he died April 23, 1874.

Judge Lockwood was made Attorney General of Illinois in 1821; then Secretary of State, of Illinois; then Receiver of Public Monies at the Land office; and in 1824 was elected a justice of the state Supreme Court, which position he held until 1848. He was also a member of the Constitutional Convention of 1847. He was one of the founders of Illinois College.

Stephen A. Douglas.

Douglas was Secretary of State, and member of the legislature from Morgan county, which gave him to the state and nation. He was elected to Congress from Quincy, and United States Senator after going to Chicago. He was chosen a justice of the Supreme Court, perhaps from here.

William H. Hinrichsen.

Hinrichsen was elected Secretary of State in 1892, and member of Congress in 1896. After a long drawn-out convention he was defeated for re-nomination; since which time the Democracy of old Morgan county has been taken care of by Greene county. It would seem to be about time for a change.

Attornies-General.

Both Josiah Lamborn and James A. McDougall, Democrats, were made Attorney-General from Morgan county. Mr. McDougall afterwards became U. S. Senator from California. He married a daughter of Gen. Murray McConnel, here.

Clerk Supreme Court.

Col. Wm. B. Warren, of Jacksonville was clerk of the Supreme Court of the state for ten years, 1845-55, being succeeded by his son-in-law, Wm. A. Turney, of Springfield.

Members of Congress.

Morgan county had Joseph Duncan as member of Congress when he was the only one in the state, and afterwards as a district representative.

Col. John J. Hardin was our next representative, succeeded by Capt. John Henry.

Richard Yates was next, for two terms—in Whig days.

Wm. H. Hinrichsen was out last representative.

Gov. Duncan had been state senator from Jackson county, before coming here.

United States Senator.

Richard Yates, War Governor, was United States Senator from 1865 to 1871.

Governors.

Jacksonville has given the state three governors, beat them who can!

They were Joseph Duncan, 1835-39; Richard Yates, the Greatest War Governor, 1861-65; and the latter's son, Richard Yates, 1901-05.

Treasurer and Auditor.

Morgan county has furnished Andrew Russel as State Treasurer for two terms. Under the law these are of two years, and a Treasurer cannot serve two terms in succession. Mr. Russel is now serving as State Auditor which has a four year term, and an officer may be his own successor.

Legislators.

The following persons have been members of the state senate, from this county:

Archibald Job, James Evans, Waller Jones, Wm. H. Weatherford, colonel in succession to John J. Hardin in Mexican war, William Thomas, William Orear, John Henry, afterward member of Congress, Newton Cloud, Joseph Morton, Murray McConnel, James M. Epler, Wm. Brown, son of Elisha W., William P. Callon, Edward L. McDonald and Edward McConnel, son of Gen. Murray McConnell.

The members of the house of representatives have been:

Archibald Job, John Leeper, John Lieb, W. B. Green, Murray McConnel, Newton Cloud, speaker of the house one term, James M. Fairfield, John Wyatt, father of Col. Wm. J., Wm. Gordon, father of Hon. John, Capt. John Henry, senator and member of congress, John J. Hardin, member of Congress, Wm. Gilham, W. W. Happy, James Parkinson, Daniel Troy, Jeremiah Cox, David Epler, Wm. Weatherford, state senator, Richard Yates, congressman, governor and U. S. Senator, Francis Arenz, Stephen T. Matthews, Isaac D. Rawlings, Wm. H. Long, Joseph Morton, state senator, Geo. B. Waller, B. F. Bristow, Judge Wm. Brown, Capt. Edward Lusk, Horace A. Brown, Cyrus Epler, Circuit Judge, J. T. Springer, F. G. Farrell, Smith M. Palmer, Wm. Henry Barnes, John W. Meacham, John Gordon, son of William, A. J. Thompson, Samuel Woods, I. L. Morrison, two or three terms, Wm. P. Callon state senator, Richardson Vasey, Oliver Coultas, Edward M. Kinman, Edward L. McDonald, state senator, Geo. W. Smith, John E. Wright, Eugene K. Blair, John W. Springer, Edward P. Kirby, Jas. T. McMillan, Edward McConnel, state senator, son of Gen. Murray, John B. Joy, Wm. S. Lurton, two terms, and Frank J. Heinl, two terms.

Wm. J. Wyatt, Colonel, also should be named.

This completes a list of more than usually able men.

Colonel James Dunlap and Newton Cloud were also members of the Constitutional Convention of 1847 and H. J. Atkins of that of 1870. Mr. Cloud was president of the convention in 1847.

CONVENTION TO OPEN AT CHRISTIAN CHURCH

Workers From District Come for Two Days Missionary Conference—The Program.

The annual convention of the West Central district of the Illinois Christian Missionary society will open at Central Christian Church today. The exercises will begin this morning at 10:30 o'clock and the sessions will continue thru Friday afternoon. W. D. Endres of Quincy is president, Charles W. Ross of Springfield, vice president, and C. E. French of Virginia, secretary-treasurer. Miss Cynthia P. Maus will hold an older boys and girls conference at 1:30 p. m. Friday. Miss Maus is a specialist in this line of work. Young people will also be especially interested in the addess to be given following the luncheon this afternoon by E. P. Gates, Illinois field secretary of the Y. P. S. C. E. The program for today follows:

THURSDAY, MAY 9

10:30—Devotional Bible Study, Floyd B. Taylor, Chambersburg.
11:00—President's Address, W. D. Endres, Quincy.
11:40—Report of District Secretary and Appointment of Committees.

Noon

C. W. B. M. 1.30—4:30

1:30—Devotional Service.
1:45—Message from the State President, Mrs. Laura V. Porter.
2:00—Message from the State Secretary, Miss Jennie Call.
2:15—Round Table, Conducted by Mrs. Imogene Elliff.
Our Ideals.
1 A successful county organization, Mrs. E. L. Buckles.
2 A successful missionary society, Miss Pearl Jewsbury.
3 A successful children's Organization, Mrs. Hornecker.
Discussion.
2:45—Address, Mrs. Olive Lindsay Wakefield.
3:30—Business.
3:45—Missionary Play, directed by Miss Eleanor Thompson.
4:30—Benediction.
5:30—C. E. Luncheon and Conference, led by O. C. Bolman.
7:30—Praise Service, C. L. Mathis.
8:00—Address, "A Crisis, a Character, a Counterfeit and the Judgment Day," J. F. Bickel, Pres. State Convention, Taylorville.
8:40—Address, E. P. Gates, State Field Secretary, C. E. Union.

AT HARTLAND SCHOOL SATURDAY NIGHT.

A patriotic meeting will be held at Hartland school house in the Franklin neighborhood next Saturday night, May 11. Rev. W. E. Spoonts of Jacksonville, Father Smith and Rev. W. F. Keenan of Franklin will be the speakers. Judging from the meetings that have been held recently in the vicinity of Franklin there will be a great throng present Saturday night and no lack of interest in the program. People in Franklin vicinity are certainly setting a fine example for the rest of the county these days.

EXEMPTION BOARD NEWS

Friday afternoon at 4 o'clock at the court house the usual program in observance of the departure of men for training camps will be held. Seven men leave that afternoon at 5:20 over the Wabash for Ft. Thomas, Ky. Rev. R. B. Wilson will deliver the principal address, following the opening prayer by Rev. W. R. Leslie. Dr. C. E. Black, member of the local board, will then deliver the charge to the men and possibly make a few remarks along the line of keeping physically fit. Board Member W. D. Doying will preside.

Several ruling from the district board were received at the office of the local board yesterday. On April 18 the district board requested the local board to return the questionnaire and papers of Harold J. Johnson of 1239 South East street, this city, to them for reconsideration. Mr. Johnson had been placed in class 4, division C, by the district board on agricultural grounds. Upon reconsideration the district board placed this registrant in class 1-I. Mr. Johnson originally claimed exemption in the following deferred classifications: 3-B, 4-C and 5-G.

Anton J. Bergschneider of Alexander, who claimed classification 3-J and 4-C, was placed in class 1-I by the district board.

Gilman W. Squires, Meredosia, route 1, claimed deferred classification in 3-J; classification on appeal 1-I.

Thomas L. Wall, 603 North East street, claimed classification in 3-B and 3-C. The district board placed Mr. Wall in class 3-C.

In addition to the names of the men called for examination at the court house already published, the following have been called to appear at the court house Monday morning: Harold J. Johnson, Jacksonville; William B. Francis, Jacksonville; Claude Clements and Fletcher W. Mathers, Chapin.

Lends Binoculars to U. S.

The local board yesterday received from Harrison King a pair of binoculars which he is lending to the government in response to recent request. These glasses, which are of very high power, will be immediately forwarded to the government representative in Chicago, who is charged with the collection of glasses in this state for the use of the navy. The glasses are lent for the period of the war and are to be returned if they are not destroyed.

NOTICE!

I am often asked what is the difference between the gasoline you sell at 22½c a gallon and that I have been paying the other fellows 27c to 30c for. The answer: From 5 to 8c a gallon is all.
C. N. PRIEST,
The Ford Man.

IN THE COUNTY AGENT'S OFFICE.

I. L. Sears of the McCarty Elevator company was in town yesterday in conference with the county agent. Mr. Sears was in quest of a married man to work on his farm.

Herbert Hendricks of Quincy, Illinois, called on County Agent Kendall yesterday. He and the county agent have been friends for a great many years. Mr. Hendricks is a hustling insurance man.

The county agent is going to Waverly today by way of Franklin to visit the members in that vicinity.

Come to the Brooklyn church chicken supper, May 16th, 5:30 to 9 p. m.

CATCH THE GOPHERS, BOYS.

The boys of Jacksonville have a good chance to make a bit now from the offer made by the park board for catching gophers at Nichols Park. The litle animals are getting uncomfortably thick in that pleasure resort and the desire is to get rid of them.

When You're in Doubt—Ask Me

Does your battery need charging?

Does your battery need water?

Do connections need tightening? Are you sure that your battery is being kept right up to maximum efficiency?

If you don't know, ask me. Three minutes' test will tell you what is needed; may add weeks of useful life to your Willard Battery.

Ask, while you're here, about the Still Better Willard with Threaded Rubber Insulation.

Rx Senreco THE TOOTH PASTE THAT REALLY CLEANS

Mr. Robert Williams,
Gales' , Mo. December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours.
SENRECO,
CINCINNATI.

TYLER'S GOOD PITCHING WINS FOR CHICAGO

Teammates Hit Pirate Flingers Hard and Cubs Take Game 8 to 1 — Giants Win Again from Phillies—Other National League Games.

Pittsburgh, May 8.—Hitting two Pittsburgh pitchers h ard, Chicago won today 8 to1. Chicago scored five runs off Cooper in the first three innings and Steel was sent in as relief pitcher. The latter also was unable to stop the visitors, three runs being made on four singles and a home run.

Tyler pitched good ball for Chicago retiring the Pirates in the second inning after the bases had been filled with no outs recorded.

The score:

Struck out—by Tyler 1; Cooper 2; Steel 2. Losing pitcher—Cooper.

GIANTS TAKE EIGHTH STRAIGHT

New York, May 8.—New York again defeated Philadelphia today 3 to 2. It was Philadelphia's eighth straight defeat and New York's eighth straight victory. After Meusel was called out at the plate in the ninth inning in a play which would have tied the score but ended the game. Several of the Philadelphia players rushed at Moran, the umpire. Burns pushed the umpire, who struck back with his fist. Manager McGraw and other players separated the pair. A spectator then threw a cane at the umpire.

BRAVES COME FROM BEHIND

Boston, May 8.—Boston came from behind three times today and beat Brooklyn in the 9th 4 to 3. Wickland's home run, Konetchy's single, passes to Rawlings and Wilson and Nehf's scratch single gave Boston the necessary two runs to beat the veteran Coombs.

Wickland also made a triple and a single. The fielding of Rawlings was excellent.

The score:

	R.	H.	E.
Brooklyn	010 100 001—3	8	0
Boston	000 101 002—4	9	3

Coombs and M. Wheat; Nehf and Wilson.

REDS TURN TABLES ON CARDS

St. Louis, May 8.—Cincinnati turned the tables on St. Louis today batting out a 9 to 6 victory in the last inning. Up to this time May allowed but three scattered hits but he weakened and Cincinnati by annexing five bases on balls, two hit batsmen and four singles off May and Meadows who succeeder him, scored nine runs.

Cincinnati	000 000 009—9	7	2
St. Louis	011 031 000—6	8	1

Schneider, Conley, Regan, Eller and H. Smith; May, Meadows and Snyder.

MAY BE ORDERED TO SEA.

Boston, Mass., May 8.—Walter Maranville, former crack shortstop of the Boston National League Club and five other players in service at the navy yard were ordered to report immediately to the enrolling officer for further orders which means probably they will be assigned to duty at sea. With McNally, Pennock, Witt, Callahan and Gainer, major league players, Maranville formed a navy y ard team which already a rranged a number of games with army and navy organizations in the east.

SEED CORN

My seed corn has arrived. I have it at my residence No. 202 N. Prairie St. Ill. phone No. 412. F. L. Hairgrove.

Coughing Tires the Old

Hard winter coughs are very tiring to elderly people. They mean loss of sleep, and they deplete the strength, lower vitality, weaken and wear out the system.

Foley's Honey and Tar

stops coughs quickly. It is a standard family medicine that contains no opiates, and is noted for its quick effect on coughs, colds, croup, bronchial and la grippe coughs, and the chronic coughs of elderly people.

J. B. Williams, Trenton, Ga., over 73 years old says: "I have used Foley's Honey and Tar for years with the best and surest results."

J. A. OBERMEYER CITY DRUG STORE

MRS. BAILEY SAYS

NUJOL LABORATORIES,
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Gentlemen:—

"Nujol has worked wonders with me. I have suffered from constipation practically all my life and the large amount of laxative pills taken caused a sore spot in my bowels. For more than thirty years this place has at intervals ulcerated and caused illness and no doctor seemed able to help it. Constipation also caused bloating, and last winter, after several months of semi-invalidism when I was unable to walk or exercise to any extent, the bloating became so bad that I could not breathe while lying down. It was just after the doctor relieved this acute condition that I began the use of Nujol, and the improvement in my health is more than I ever hoped to have, or the doctor thought possible. I only take occasional doses of Nujol now and my constipation is a thing of the past. The sore place in my bowels is apparently healed, since there is no irritation now. My health is better in every way, there is no bloating, and no distress from gas. I recommend Nujol to every one I hear complain of constipation and its train of attendant ills."

Yours truly,
Newbury, Vermont. Mrs. Mary G. Bailey.

Women! Suffer no longer from constipation. Use Nujol, the remedy that relieves even the most stubborn cases. Mrs. Bailey's letter proves that! Never say to the druggist, "Give me something for constipation." Be sure to ask for Nujol, the effective, *drugless* remedy that aids the bowels to natural regularity without artificial stimulation, griping or dangerous reaction. Nujol is pleasant to take; pure, odorless, tasteless. Perfectly safe, even for infants, invalids, old folks. Thousands now take Nujol instead of harmful pills and salts. Be "regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes—there is *only* Nujol

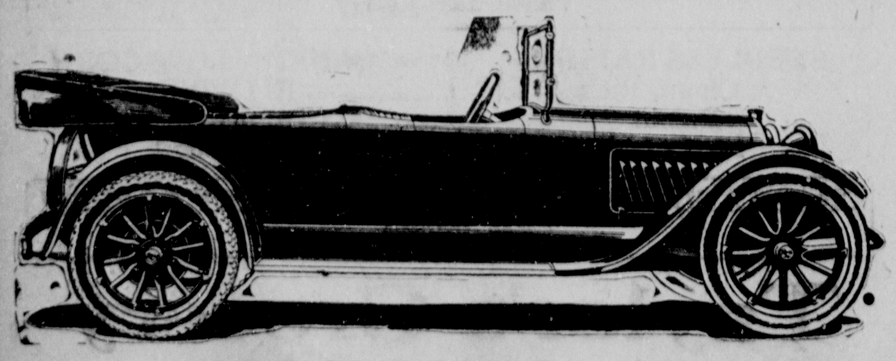

At every drug store. Send 50c. and we will ship new kit size to soldiers and sailors anywhere.

In bottles only bearing Nujol trademark, never in bulk. Write for free booklet.

Nujol for constipation

SOX HAVE EASY TIME WINNING FROM INDIANS

Take Third Game of Series 9 to 5 —Cicotte Injures Ankle Sliding Into First — Senators Wallop Boston—Other Games.

Chicago, May 8.—Frank Shellanbach, the former Western League and American Association pitcher made his major league debut today, when he replaced Cicotte on the Mound and was credited with a 9 to 4 victory over Cleveland in the final game of the series today. Cicotte injured his ankle in sliding into first base in the second inning. The locals won the game by bunching hits.

PHILEDELPHIA 6; NEW YORK 2

Philadelphia, May 8.—Perkins beat New York here today driving in all of Philadelphia's runs. The score was 6 to 2.

Perkins singled with the bases filled in the fourth, tying the score. In the with two on base, Perkins drove a homer into the bleachers. Perry outpitched Caldwell, all the way, but good fielding in pinches helped the New York twirler.

End the headaches, biliousness, constipation, bad breath and bad days.

NOTICE TO AUTO OWNERS

A large number of automobile and motorcycle owners who use West State and Prairie streets as a speedway seem to have no regard for human life or our traffice ordinance. Machines are continually going up and down this street at a greater speed than 15 miles an hour which is the limit. This practice must be stopped as the police department will make every effort to arrest violators. The fine for violation of the traffic ordinance is from $5 to $50. Special officers will be detailed to catch these violators.

GEO. P. DAVIS, Chief of Police.

NOTICE!

I am often asked what is the difference between the gasoline you sell at 22½c a gallon and that I have been paying the other fellows 27c to 30c for. The answer: From 5 to 8c a gallon is all.

C. N. PRIEST, The Ford Man.

PARENT-TEACHER MEETING.

The regular meeting of the Parent-Teacher association of the Third Ward will be held in the Franklin school building Friday evening at 7:30 o'clock. The annual election of officers will occur at this meeting and it also will be the occasion of the spring exhibit.

R. F. Cunningham of Peoria was a business visitor in the city yesterday.

PARENT-TEACHERS HELD FINAL MEETING

Program of Patriotic Selections Given—Household Science Club in Final Meeting—Other Bluffs News.

Bluffs, May 8.—The Parent-Teacher Association held the last meeting for the school year Monday night. Five patriotic selections were rendered by the high school orchestra after which Mrs. H. A. McKeene, State secretary of the Farmers Institute delivered an address on "Liberty Gardens" and incidentally on Food Production and Conservation.

Her talk was interesting thruout and instructive. She urged that everyone raise a garden and store and can vegetables for home use. She further urged that every vaacnt lot be planted and carefully tilled. She spoke of the school as a community social center and stated that the building be considered as such. Vacant rooms should be fitted up to be used as club rooms, society hall or to any other good use where people might congregate for the improvement and betterment of the community. At the close of the address, the following officers were elected for the coming year: President, F. T. Curtis; Vice president, Supt. R. L. Newenham; Secretary, Mrs. E. L. Kendell and Treasurer, Mrs. R. L. Newenham. The Junior Red Cross served refreshments at the building which netted them about $20.

The Household Science club held their final meeting for the year at the home of the president, Mrs. H. C. Oakes Tuesday afternoon. After the regular program the following officers were elected. President, Mrs. S. M. Carver; vice president, Mrs. John Adkins; secretary, Mrs. John Korty and treasurer, Mrs. Emma Thompson. The service flag committee displayed for inspection the beautiful community service flag of satin with its 46 satin stars of blue to represent the boys of Bluffs who have so nobly responded to the call. The flag, which is beautiful in construction and design is the gift of the Household Science club to the community of Bluffs and after the dedication service which will be held at Lewis' Hall Tuesday afternoon, May 30th at 2:30 o'clock it will be hung in the post-office building where it will remain permanently. A splendid program which will appear later, is being prepared under the direction of Mrs. P. J. Rinehart.

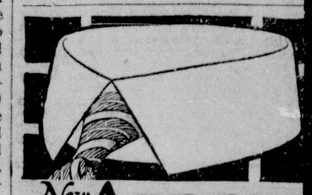

Mrs. E. D. Beird has been appointed chairman with a number of assistants to organize a Woman's Council of National Defense. In registration, thru the efficiency of Mrs. Beird and her co-workers Bluffs was 100 per cent and registered more women than both precincts of Winchester combined. "Over the top" and "no slackers wanted here" are the mottoes in all undertakings.

H. C. Finney left Thursday for the coast of Virginia to visit his son William, who will leave soon for somewhere across the water.

CHILD WELFARE DEPARTMENT OPEN

The Child Welfare department is open at the Free Clinic rooms. Morrison block from 10:30 to 12 a. m. and 2 to 4 p. m. every we day, except Tuesday and Saturda Mothers of the first ward are u ed to bring all children under s years of age to be weighed a measured in order that they m be informed as to their children condition, according to instru tions sent out by the Children Bureau of the U. S. government.

Mrs. R. E. Pond was a c caller from Concord yesterday.

Jerry Cox.

I hereby announce myself a candidate for the Democratic nomination for assessor and treasurer, subject to the primary election September 11.
A. D. Arnold.

FOR COUNTY CLERK

I hereby announce myself as a candidate for the nomination for county clerk subject to the decision of the Republicans at the primary election, September 11, 1918.
Charles H. James.

I hereby announce myself a candidate for the democratic nomination for county clerk, subject to the primary election to be held September 11, 1918.
C. A. Boruff.

I hereby announce myself a candidate for the office of county clerk of Morgan county subject to the decision of the Republican voters at the primary election Sep. 11, 1918.
G. L. Riggs.

FOR COUNTY JUDGE.

I hereby announce myself as a candidate for the Republican nomination for county judge, subject to the primary election.
W. L. Armstrong.

FOR CONGRESSMAN—

I hereby announce myself as a candidate for nomination for congressman from this district, subject to the decision at the Democratic primary election, September 11.
Henry T. Rainey.

COMMUNITY HIGH SCHOOL ELECTION PRECINCTS.

The community high school election Saturday, May 11, as included in the proposed territory is divided into eight precincts:

Precinct No. 1 is that part of Jacksonville commonly known as the First Ward and the polling place will be at the Jefferson school.

Precinct No. 2 is that part of Jacksonville commonly known as the Second Ward and the polling place will be at the David Prince school.

Precinct No. 3 is that part of Jacksonville commonly known as the Third Ward and the polling place will be the regular county polling place on the corner of South Mauvaisterre and College avenue.

Precinct No. 4 is that part of Jacksonville commonly known as the Fourth Ward and the polling place will be the regular county polling place on South Fayette street.

Precinct No. 5 is all of the territory in Mauvaisterre district No. 33, Union Grove district No. 39, Prairie Union district No. 59, Hickory Grove district No. 60, Independence district No. 70, and North Oakland district No. 71, and the polling place will be at Prairie Union school house, district No. 59.

Precinct No. 6 is all of the territory in Sherman school district No. 61, Trinidad school district No. 62, Ebenezer school district No. 72, North Union school district No. 81 and West Liberty No. 83, Kinman school district No. 84 and West Walnut Grove No. 90, and the polling place will be at Kinman school house No. 84, commonly known as Little Brick.

Precinct No. 7 is all of the territory in Routt district No. 51, South Jacksonville district No. 64, Strawn's Grove district No. 65, Mound district No. 86, and the polling place will be at South Jacksonville No. 64.

Precinct No. 8 is all of the territory in Science Hill school district No. 27, Prairie College district No. 34, the Narrows district No. 50, and Morton district No. 63, and the polling place will be at the Morton school house, district No. 63.

SOLILOQUY OF A STREET.

You've heard of the "Stories of Mean Streets" I suppose. Well I'm one of them—the streets, that is. And I could tell a lot of stories, if I wanted to. I'm South Mauvaisterre Street, and I'm going to have a chance now. The M. C. (that's the munificent council) says I am to have cement walks, whether I want them or not. That is to say, my folks have money to spend for luxuries, tho the City is too poverty-stricken to give me necessities.

Yes, necessities. I want water. Been wanting it for twenty years. I'm dry as a bone, except when it rains, I can get lots of booze, but no water. The City is too poor to put a water main down my spinal col-yum, and give me a fire-plug. Why, the last fire that was pulled off down here, the house was nearly consumed while the fire department was running a hose over from South Main street. But the cement walks will be all right, they can't be burned up.

I was thinking the water main ought to come first. Then the paving, and lastly the walks. But the M. C. says that is not the order of business. Some folks say they are backward about everything else too—except taking their salaries, and laying petitions on the table. No, I don't say that. Heard Bill say it tho.

Anyhow, I guess the city is bad off. I understand it won't have any fire department long, and may have to call on South Jacksonville for help. But it can dispense with the fire department easier than it can the council. What a shame it would be to take the money away from the industrious, job-holding commissioners, and give it to a passel of lazy firemen!

I've had a choppy time of it, I say. One year they paved me with old brick-bats, the "leavins" of sidewalks, and didn't curry me afterwards for weeks. Say, I was a peach of a place that year to have pulled off an Irish revolution. The manager of the Opry House remembers it all. What a time he did have butting his nice new tires against my thousand and one corners. That's why he bought a Ford, and I never got to see his beautiful Hup anymore on Sunday evenings.

Then another year they gave me cinders for pavement and walks too. Civic pride? Yes, I had some, but it wouldn't thrive in a cinder bed. And even at that, I now have better walks than some streets that have ten times my burden of traffic. But the M. C. says the bricks and cinders must go. Guess they are not in keeping with the euphonious dignity of my French cognomen. Talk about kid gloves and no socks!

To tell the truth, I won't know what to do with a lot of pretty cement walks. Of course, I want the contractors to have all the work they can get—honestly. But who will use them? The people on South Main street will not walk on them—that is, they won't, if they ever get their own street cleaned up. The members of the M. C. never come down here—in the day time, and if they did, they would ride, and warn their chauffers to go slow over my rickety bridge.

I'll bet they don't put walks all the way out to Franklin street. If they did, it wouldn't be so bad, because then my folks would have an outlet in each direction. But they won't do it. Oh, it's not my place to tell you why. Go and ask some of the property owners on South Main street.

When I get them, want you all to come down and see me. Yes, even the M. C., because I don't mind being walked all over like some of my folks do. I'm only a street, South Mauvaisterre Street, you understand. See you again. Good-bye.

(John Kearns.)

CORN RALLIES AFTER TEMPORARY DECLINES

CHICAGO, May 8.—Realization of anticipation that the government crop report would not prove as expected had a good deal to do with rallying corn after temporary declines. Prices closed unsettled ⅛¢ net lower to ⅛¢ advance with May $1.27½ and July $1.46 to $1.46⅛. Oats gained ⅜¢ to 1¢ net and provisions 17¢ to 57¢.

The winter wheat crop had been privately estimated 600,000,000 to 650,000,000 bushels but official figures indicated about 573,000,000,000 bushels. Prospects of unseasonable low temperatures by Friday tendered also to handicap corn bears in late trading. The fact that the weather had continued favorable for crop and pastures counted as a bearish factor.

Oats responded to the same influences that governed corn.

Good sized government orders and hogs at the topmost figures of the year strengthened provisions.

ST. LOUIS LIVESTOCK MARKET
St. Louis, May 8.—Hogs—Receipts 12,200; market 20¢ higher; lights $17.80@$18.0; pigs $16.25@$17.50; mixed and butchers $17.5@$17.9; good heavy $17.50@$17.65; bulk $17.55@$17.90.
Cattle—Receipts 5,4000; market slow; prospects steady; native beef steers $11.50@$17.60; yearling steers and heifers $9.50@$15.50; cows $7.50@$12.50; stockers and feeders $8.50@$12.00; calves $7.75@$15.50.
Sheep—Receipts 600; market steady; lambs $20.50@$21.25; ewes $16.00@$17.00; wethers $16.50@$17.50; canners and choppers $6.50@$9.50.

ST. JOSEPH LIVESTOCK MARKET
St. Joseph, May 8.—Hogs—Receipts 9,000; higher; top $17.50; bulk $17.10@$17.45.

ADMINISTRATOR'S NOTICE
Estate of Herman Lippert, Sr., Deceased.
The undersigned, having been appointed Administrator of the estate of Herman Lippert, Sr., late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the July term, on the first Monday in July next, at which time all persons having claims against said estate are requested to attend for the purpose of having the same adjusted.
All persons indebted to said estate are requested to make immediate payment to the undersigned.
Dated this 1st day of May A. D., 1918.
FRED ENGELBACH, Administrator.

MURRAYVILLE, ROUTE 1

Edgar Masters and family were visitors in Jacksonville Saturday.

Mrs. William Darwent and daughter, Miss Lena, spent Tuesday with Mr. and Mrs. Thomas Story.

Mrs. Arthur Sandman of Exeter came Friday for a visit with her parents, Mr. and Mrs. Thomas Story.

Mrs. Maurice Gorman of Jacksonville is visiting a few days with Misses Margaret and Mary Coulson.

Mrs. Walter Ealey and daughter Helen Louise and Miss Eleanor Ealey of Jacksonville spent from Saturday until Tuesday with Mr. and Mrs. L. G. Crouse.

Mr. and Mrs. Dawson of Roodhouse spent Monday at William White's. Mr. Dawson papered a room while there.

YOUNGBLOOD

Wm. Steele is remodeling the big store which he purchased recently and will move his stock of groceries into it.

Harry Fanning was a Jacksonville caller one day recently.

Miss Clara Dalton spent Sunday with Mrs. Nellie Waters of Murrayville.

Herman Berry of Oakley, Ill., spent the latter part of last week visiting relatives and friends in this neighborhood.

THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson, are learning every week that one 30 cent box of Peterson's Ointment will abolish Eczema and banish piles, and the grateful letters I receive every day are worth to me more than money.

I had Eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now, and I couldn't help but thank Peterson, for the cure is great. Mrs. Mary Hill, 420 Third Avenue, Pittsburgh, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone. A. B. Ruger, 1127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum and all skin diseases. It banishes pimples and blackheads in less than 10 days and leaves the skin clean, clear and pleasant to look upon. Druggists guarantee it.—adv.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

READING SCORES AN EXTREME ADVANCE

NEW YORK, May 8.—Reading scored an extreme advance of four points to 87¼ on the stock exchange today and steel reacted from its new maximum of 103⅞ to 102½ and closed at 103, a net loss of ¾ of a point, a trivial reversal in view of the enormous volume of profit-taking. There was a marked revival of activity in shippings, confined, however, to marine preferred and Atlantic Gulf at gross gains of about 2½ points, while motors also strengthened on retention of the Studebaker dividend.

Independent steels and associated equipments made 1 to 2 point extensions to yesterday's rise, distillers gained 1½ and Industrial Alcohol 4½, tobaccos and fertilizers recording irregular gains with some impairment at the close. Sales 850,000 shares.

Liberty bonds irregular. Total sales bonds $4,925,000.

FINAL INTRA-MURAL FRIDAY AFTERNOON

Will Be Held on Illinois Field—Winners Will Represent Illinios In Track Meet at Peoria—Basket Supper Will Be Given on Campus Following Contest.

The final Intra-Mural track meet of the season will be held on Illinois field Friday afternoon. The winners of the various events will represent Illinois at the Little Nineteen track meet in Peoria, May 17 and 18 Some good material has developed on the hill and Coach Harmon expects to take a strong team to Peoria.

Following the contests a basket supper will be enjoyed on the campus. There will be no May Day festivities this year and this will be the final event of the year at Illinois aside from the regular commencement exercises.

The events and entries are given hereunder.

100 yard dash—Bronson, Daigh, Dunlap, Langer, Wells.

Pole Vault—Barnes Farrell, Daigh.

120 yard hurdles—Dunscomb, Bronson, Tomlinson.

Discuss t hrow — Fernandes, Goveia, Hill, Potter, Pierce, Andrew .

Mile run—Green Land, Underwood.

High jump—Barnes, Best, Carpenter, Crouch, Dunscomb, Tomlinson, Farrell.

440 yard dash—Crouch, Branson, Daigh, Greene, Shoemaker Farrel.

Shot put—Andrews, Best, Onken Potter, Wells, Hill.

220 yard dash — Bronson, Nickel, Shoemaker, Wells.

Javelin—Cully, Hill, Pierce, Langer, Stevenson, Swain.

880 yard dash—Green, Land, Underwood.

Running broad jump—Best, Cully, Dunscomb, Shoemaker.

220 yard hurdles—Cully, Bronson, Farrel, Dunscomb.

440 yard dash—Crouch, Bronson, Daigh, Greene, Wells, Shoemaker.

Relay—Men to be chosen later.

Dr. Darwin Gailey of Ashland was a business visitor in the city Wednesday.

MUSICIANS WILL HAVE LIBERTY BAND

Will Be Organized With Main Purpose of Escorting Departing Drafted Men to Train—First Rehearsal This Evening.

The musicians of the city who play brass and read instruments, have organized a Liberty Band. Several meetings have been held and the first rehearsal has been called for this evening.

Time was when Jacksonville had the finest band in the state and one second to none in the United States. Changing conditions and the dearth of public engagements caused the interest to lag and during recent months there has been no permanent organization.

However, many of the members of the famous Jeffries band are still here and many of them have kept up their musical work by doing orchestra work and playing with bands in other cities.

Recently the musicians decided that it was rather cold farewells we were giving to departing contingents of our boys who are going "Over There" to fight for our homes and democracy. The members of this band have agreed to donate their services to escort all boys who leave Jacksonville to the trains and give them a fitting send-off and make them feel that we really appreciate what they are doing.

Come to the Brooklyn church chicken supper, May 16th, 5:30 to 9 p. m.

ELLIOTT STATE BANK

Savings deposits made during the first ten days of May will draw interest from the FIRST of the month.

SERVICES TODAY AT TRINITY

This is Ascension Day. It will be observed at Trinity Episcopal church by services as follows. Holy Communion at 7 and 10ñ

J. F. Langton, Rector.

FISHERMAN'S LUCK.

W. G. McCullough and B. F. Green of Riggston were in the city yesterday enroute to Morgan lake to try their luck at fishing.

MURRAYVILLE CLUB IN REGULAR MEETING

Domestic Science Organization Met With Mrs Cora Wright—Husbands of Members Guests at Supper — Red Cross Egg Drive Successful.

Murrayville, May 8.—The Murrayville Domestic Science held its regular meeting this afternoon at the home of Mrs. Cora Wright with a large attendance of members.

An interesting program was carried out as follows:

Club Song.

Roll Call—Tribute to Mother.

Paper, Cereals vs. Meat—Mrs. Seymour.

Paper, Home Making Education—Mrs. Daniel.

Following the program the members enjoyed a social hour At a later hour the men joined the party as guests and supper was served.

Murrayville had its Red Cross egg drive last Sunday. It was impossible to complete the gathering of the eggs until today. The drive netted 309 dozen eggs and a few over which were disposed of at the regular market price. The drive will net a goodly sum for Red Cross work in the Murrayville auxiliary.

NOTICE TO AUTO OWNERS

A large number of automobile and motorcycle owners who use West State and Prairie streets as a speedway seem to have no regard for human life or our traffice ordinance. Machines are continually going up and down this street at a greater speed than 15 miles an hour which is the limit. This practice must be stopped as the police department will make every effort to arrest violators. The fine for violation of the traffic ordinance is from $5 to $50. Special officers will be detailed to catch these violators.

GEO. P. DAVIS, Chief of Police.

LITERBERRY LADIES' AID HELD MEETING

Met Wednesday Afternoon with Mrs. William Hull—Interesting Program Given.

Literberry, May 8.—The Ladies' Aid of Literberry M. E. church met with Mrs. William Hull Wednesday afternoon with a large attendance of members. A program of unusual interest was carried out and greatly enjoyed. The next meeting of the society will be held Wednesday, June 12 with Mrs. Clark and Mrs. Goodpasture. The program follows:

Roll Call—Members responded with a verse in which Mother was the theme.

Song, America.

Scripture Reading—Mrs. O. N. Petefish.

Business session.

Reading, My Altar—Mrs. C. A. Beavers.

Reading, Service Flag—Mrs. Clyde Rudisill.

Reading, The Mother of a Soldier—Mrs. Charles Clark.

C. E. THADY NOW OWNS ONE OF THE BEST

C. E. Thady of Manchester, county commissioner of Scott county, wanted one of the best so he purchased a Sensible Six Oakland touring car Wednesday from the J. F. Claus Motor company.

The Grand Laundry offers any boy or girl an opportunity to earn Thrift Stamps by calling at our office, registering your name and getting a card which will tell you the condition to which you are entitled to Thrift Stamps.

CARD OF THANKS

We wish to express our sincere gratitude to our many friends for their kindness and beautiful flowers during our recent bereavement.

Mrs. E. B. Coraor and Family.

Miss Grace McDevitt of Franklin was a Jacksonville shopper Wednesday.

FOOD ASSOCIATION HAS BEEN ORGANIZED

Hotel, Restaurant and Boarding House People Join In Patriotic Association—Resolutions Adopted Pledging Loyal Co-Operation in Observing Food Administration Rulings.

In accordance with the call issued recently by M. F. Dunlap, county food administrator, hotel, restaurant and boarding house managers and owners held a meeting at the Ayers National bank Wednesday afternoon. An association was formed in accordance with the government suggestion, with the end in view of assisting in the observance of the regulations of the food administration as issued from time to time. While the law makes provision for heavy fine and imprisonment for violation of food laws, the government must depend in a considerable measure upon public sentiment for the rigid observance of some of the laws and regulations. Unless there were this general appeal to the patriotism of the people it would require a veritable army of officials to carry out the food administration regulation.

The question of food production and distribution is so far-reaching and widespread that in addition to the laws placed upon the statute books the government, as already indicated, has suggested the formation of organizations in the various cities and towns to assist in the enforcement of regulations and also i n bringing the public into a more thoro understanding of the regulations and the necessity for them.

Officers Are Named.

M. F. Dunlap called the meeting to order yesterday and explained some facts about the government's plans. Mr. Dunlap presided until the association was organized and officers elected. By-laws were adopted and the discussion of various questions by members of the new association occupied a session lasting nearly two hours. The officers chosen are:

President—J. W. Merrigan.

Vice president—E. A. Brennan.

Secretary-treasurer — James H. Hall.

Directors—R. D. Stice and A. L. Hood.

The officers and directors in accordance with the provisions of the by-laws, constitute the executive committee. The members of the association are as indicated below. Additional members will no doubt be taken in before the next meeting, as there a number of other persons who are entitled to a place upon the membership roll. Meetings of the association will be held at stated times.

The Membership Roll.

The present members are:

Mrs. C. L. Mathis—Boarding house.

Mrs. H. L. Chaney—Boarding house.

The following resolution was adopted by unanimous vote and it indicates the purpose of the organization and the spirit of those who constitute it:

Resolutions Adopted.

Whereas, since the declaration by the President of the United States of a state of war between this country and the Government of Germany, the President has urged all citizens to conserve food as one important means of winning the war, and to further that end has approved the Act of Congress establishing the United States Food Administration.

Whereas, it has become constantly more evident that public eating places are a valuable means of educating the people at large in the need of conservation and are an important factor in the consumption of food by the public, and

Whereas, is has also become more evident that the conservation of certain classes of food is an imperative necessity if the people and the Armies of our associates in the War and our own expeditionary forces are to be maintained,

Now therefore, be it resolved that the members of this Association recognize a duty toward their Government to assist in all possible ways in the campaign for saving in the use of food, both through the education of the public and in the management of thir own places of business, and therefore be it further

Resolved, that the undersigned will faithfully, to the best of their ability, observe and cause their employees and patrons to observe, the requests and regulations from time to time made by said United States Food Administration, so far as they may apply to public eating places, and will earnestly co-operate with each other and with the Government of the United States and its agencies to this end: and be it further

Resolved, that the Secretary of this Organization be and is hereby authorized and directed to send a copy of these resolutions to Harry A. Wheeler, Federal Food Administrator for Illinois, 111 West Washington Street, Chicago.

MEREDOSIA MAN JOINS OAKLAND PROCESSION

Elmer Heinners of Meredosia yesterday joined the long procession of Oakland owners when he purchased an Oakland Sensible Six runabout from the J. F. Claus Motor company.

Mrs. J. G. Capps has returned from a trip to Chicago.

ASHLAND SUFFERS WAR CASUALTIES

Russel Jones Shot in Eye While Playing "War" With Neighbor Boy—Harry McGraugh Writes Father from "Over There"—Other Ashland News.

Ashland, May 8.—Mrs. Reed O'Hearn has returned from a week's visit in St. Louis.

Rev. J. B. Dalton and wife of Pleasant Plains spent Sunday here. Mr. Dalton preacher morning and evening at the local Christian church.

Rev. C. A. Burton preached at the Christian church in Pleasant Plains Sunday morning and evening.

Miss Erma Ray of Virginia is visiting her aunt, Mrs. H. C. Way this week.

T. W. McGraugh is in receipt of a letter from his son Harry, who is in service "Over There". Harry states that he certainly misses the fields of oats and corn which are so common in Illinois, and that practically all which he sees are large vineyards. He says he can not write much about the war, but he will sum it up in one sentence, namely "The kaiser is in for an awful licking, and its up to us to see that he gets it."

While playing war with a neighbor boy the other evening, Russel Jones had the misfortune to get shot in the eye. The eye is doing as well as could be expected and the sight will not be lost.

The senior class of Ashland high school will present the play entitled "Claim Allowed", Friday May 10th,.

The cast of characters is as follows:

Mrs. LaFohl, manufacturer of munitions—Virgil Maurer.

Mrs. LaFohl, his wife—Christine Six.

Dabney LaFohl, his patriotic son—Roland Anderson.

Ethel LaFohl, his daughter—Marjorie Taylor.

William Cormen, Dabney's fiance—Elsie Flaugher.

Tom Bradley, Ethel's Patriot—Lee Wallbaum.

Mr. Metz, an American German—Elurill Man.

Mrs. Metz, his son's wife—Mamie Votsmier.

Sherman Metz, his grandson—Billy Liter.

Mary Metz, his granddaughter—Marjorie Taylor.

Mrs. Hohenzollern, a propagandist—Pearl Shelton.

Heinie Hohenzollern, her brother—Paul Duling.

Mrs. Thompson, of the Red Cross—Thelma Clemons.

Little Scout, doing his bit—Stuart McGraugh.

Neb, a Black Bird — Glen Holmes.

NOTICE!

I am often asked what is the difference between the gasoline you sell at 22½c a gallon and that I have been paying the other fellows 27c to 30c for. The answer: From 5 to 8c a gallon is all.

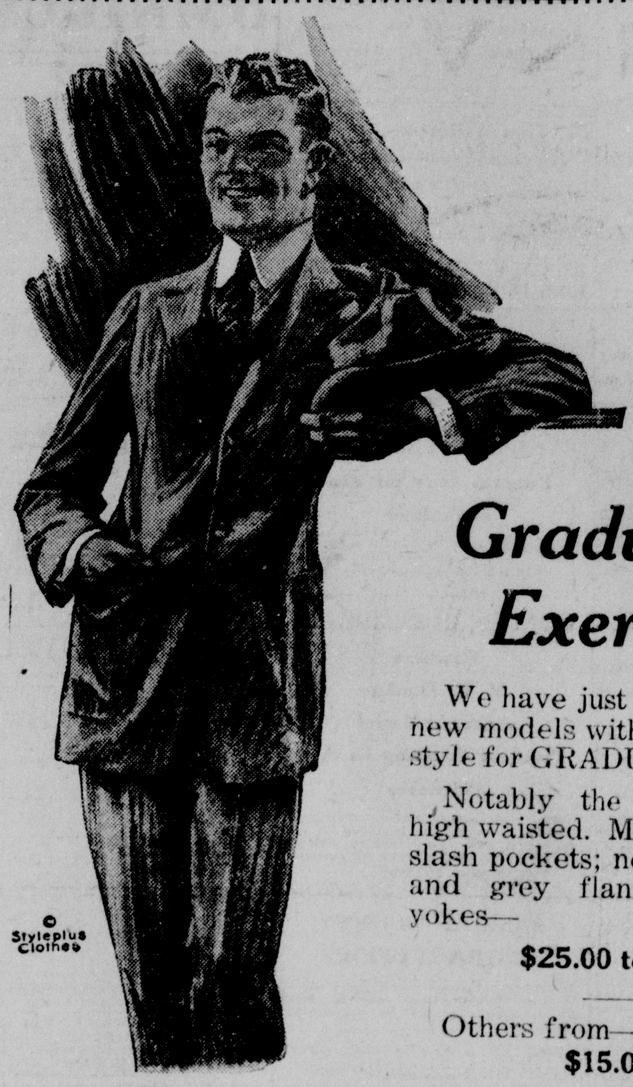

C. N. PRIEST, The Ford Man.

RED MEN ATTENTION.

All members of Delaware Tribe No. 78 Improved Order of Red Men are requested to meet at the Wigwam this evening at 8 o'clock sharp. The Tribe has been divided into four teams to take part in the membership drive and the purpose of the meeting is to complete plans and select captains for the teams. All Red Men are urged to be present.

Frank W. Jones, State Organ

Mr. and Mrs. John W. Scot Franklin were local visitors terday.
